KEY TRANSIT FACTORS

☉ Sun * Sextile ☾ Moon *

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

♃ Jupiter ☿ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

♄ Saturn qx Quincunx ☉ natal Sun

Right now you feel **slightly out of sync with your own plans**, as if the effort you put in doesn't quite match what actually happens. *Saturn* is creating friction with your *Sun*, making you notice where you've been overcommitting or underestimating what tasks really take. These days you're more likely to step back and question whether you're spending your time and energy on things that actually matter to you.

♀ Venus △ Trine ♁ natal Chiron

You find it easier to talk about things that usually hurt, and people actually listen without judgment. Your **openness about past disappointments** feels safe right now, and you notice others responding with real compassion instead of awkwardness. This period gives you a chance to connect with people over shared struggles in a way that strengthens your relationships.

♄ Saturn qx Quincunx ♆ natal Neptune

Right now you're noticing the gap between what you imagine and what actually works in practice. You feel caught between wanting to escape reality and knowing you have real responsibilities that need attention. This uncomfortable mismatch forces you to make small adjustments to your plans, even if it feels frustrating at the moment.

♂ Mars qx Quincunx ☉ natal Sun

Over the coming weeks, you may notice your usual way of taking action feels slightly off or requires more effort than normal. You might start a task with confidence but then need to adjust your approach midway through, or feel restless when your plans don't go exactly as you expect. This **mismatch between your drive and your direction** usually settles down once you accept that forcing things won't work—small changes in strategy will.

♃ Jupiter Rx · ♒ Aquarius

Ideas about social progress, collective improvement, and future-oriented goals turn inward during this period. Idealism that has been driving group efforts may need grounding in more concrete assessment. Reviewing rather than promoting your vision of how things could improve serves you better right now.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♃ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.
