## KEY TRANSIT FACTORS

## ♁ NNode ☐ Square ☉ natal Sun · peak 31 Dec ★

Right now you are **pulling away from situations where you normally feel confident**, even when stepping forward would serve you well. You might notice yourself second-guessing decisions that align with who you are, or feeling awkward when others look to you for leadership. Over the coming weeks, this friction between your instinct to act and an unfamiliar doubt can either paralyze you or force you to examine whether you are actually living in a way that fits your real values.

## ♁ NNode △ Trine ♀ natal Venus · peak 13 Dec

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

## ♆ Neptune \* Sextile ♄ natal Chiron · peak 19 Dec

These days you find it easier to talk about things that have hurt you in the past without getting stuck in the story. You're **more willing to listen to others' pain** without trying to fix it or turn it into advice. This shift happens naturally right now, making conversations with people you care about feel more genuine and less exhausting.

## ♃ Jupiter ☐ Quincunx ♁ natal NNode · peak 29 Dec

Over the coming weeks, you feel pulled toward new opportunities that don't quite fit your usual pattern, and this creates a practical tension you have to work through. You might say yes to something professionally or socially that requires you to **adapt your approach or learn something new**, even though it feels awkward at first. The mismatch between what you want to try and what comes naturally to you forces you to make a real choice about whether growth is worth the temporary discomfort.

## ♁ NNode ☐ Square ♅ natal Uranus · peak 25 Dec

Right now you're caught between wanting to break free and feeling pulled toward fitting in with a group or community, which creates real friction in your social life. You might find yourself saying yes to commitments you don't actually want, then suddenly rejecting them or picking fights over small things. Over the coming weeks, this restlessness will push you to examine which relationships or groups are genuinely yours and which ones you've stayed in out of habit or obligation.

## ♇ Pluto ♂ Conjunction ♄ natal Chiron · peak 31 Dec

You are becoming aware of old hurts or weak points in yourself that you have carried for years without noticing them much. **You feel motivated to examine these painful patterns closely** rather than ignore them as you normally do. This psychological pressure can be uncomfortable right now, but it is showing you exactly where you need to do real work on yourself over the coming weeks.

### ♁ NNode □ Square ♄ natal Mercury · peak 1 Dec

Right now you're running into friction between what you want to say and what actually comes out, leaving conversations awkward or misunderstood. **You second-guess yourself constantly**, rewriting messages in your head and struggling to explain your real thoughts clearly to others. Over the coming weeks, this mismatch between your thinking and your ability to communicate will force you to slow down and pay closer attention to how you're actually being heard.

### ♃ Jupiter △ Trine ☉ natal Sun · peak 1 Dec

Right now you feel **more confident in yourself** and people around you pick up on that shift. You're more likely to speak up in meetings, take on new projects, or ask for what you want without overthinking it. Over the coming weeks, this is a practical time to pitch ideas, apply for opportunities, or have conversations you've been putting off because your natural self-assurance makes people more receptive to you.

### ♃ Jupiter △ Trine ♆ natal Neptune · peak 1 Dec

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

### ♁ NNode ∟ Semi sextile ♇ natal Pluto · peak 1 Dec

Over the coming weeks, you find it easier to **speak up about what you actually want** instead of staying quiet to keep the peace. Small conversations that would normally feel risky now feel manageable, and people respond better than you expected. This is a good time to set a boundary you have been putting off or to tell someone what you really think.

### ♃ Jupiter \* Sextile ♄ natal Saturn · peak 31 Dec

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

### ♃ Jupiter ☾ Opposition ♀ natal Moon · peak 31 Dec

Right now you're likely feeling **emotionally restless and dissatisfied** with your current situation, even when things are objectively fine. You may overcommit yourself or make promises you can't keep because you're chasing something bigger without checking what you actually need. Over the coming weeks, your impatience with small comforts or familiar routines could strain your closest relationships if you're not honest about what's driving this urge to escape.

### ♁ NNode \* Sextile ♃ natal Jupiter · peak 1 Dec

You find it easier to say yes to opportunities that actually align with what you want, rather than forcing yourself into situations that feel wrong. **Your judgment about which invitations and offers are worth your time becomes sharper**, and people respond well when you move toward them with this kind of clarity. Over the coming weeks, you'll likely notice doors opening in areas where you've been quietly hoping for movement, whether that's socially, professionally, or in learning something new.

### ♄ Saturn \* Sextile ♅ natal Chiron · peak 31 Dec

Over the coming weeks, you find it easier to **talk about things that usually feel too painful or awkward** without getting overwhelmed. Your practical side is more active right now, so you can actually do something about problems instead of just thinking about them. This is a good window to seek help, set boundaries, or take a small step toward fixing something you've been avoiding.

### ♅ Chiron □ Square ♆ natal Neptune · peak 31 Dec

Right now you are **more aware of where you have been avoiding hard truths** about yourself or others, and that awareness is uncomfortable. You may find yourself second-guessing your own perceptions or feeling confused about what you actually believe versus what you wanted to believe. These days this friction between reality and your preferred stories is forcing you to look at situations more honestly, even though the looking itself feels harsh.

### ♃ Jupiter Rx · ♉ Taurus

Material growth and financial expansion slow during this period, encouraging a more careful review of resources and values. Over-commitments made in a spirit of optimism may now feel burdensome. Consolidating what you have is more productive now than reaching for more.

### ♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

## LUNATIONS

---

○ Full Moon · Monday, 6 Dec

in ♊ Gemini

information peak, scattered focus, mental overload

in H12 — Inner Life & Solitude

Something hidden is surfacing. This full moon illuminates **the private, unconscious, and carefully concealed aspects of your life** — old emotional patterns, self-sabotaging habits, or matters you've kept from even yourself. This is one of the most psychologically significant lunations and often coincides with a release of something that has been draining you in private. What comes to light now, though it may be uncomfortable, ultimately creates space for genuine renewal.

● New Moon · Tuesday, 21 Dec

in ♐ Sagittarius

new beliefs, expansion, broader horizons

in H7 — Partnerships

A significant new chapter in your one-on-one relationships is beginning. Whether in **romantic partnership, business collaboration, or important agreements**, this lunation plants seeds that will mature over the next six months. The people you meet or commit to now carry lasting significance. If you've been considering a serious conversation with a partner or are ready to formalize a collaboration, this is the most supportive moment to take that step.

#### KEY DATES

Wed, 1 Dec ♁ NNode □ Square ☿ natal Mercury

♃ Jupiter △ Trine ☼ natal Sun

♃ Jupiter △ Trine ♆ natal Neptune

Mon, 6 Dec ☿ Mercury enters ♑ Capricorn

Full Moon in Gemini

*Mercury* entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 10 Dec ♀ Venus enters ♒ Aquarius

*Venus* in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Sun, 12 Dec ♆ Neptune ✕ Sextile ♄ natal Chiron

Mon, 13 Dec ♁ NNode △ Trine ♀ natal Venus

Sun, 19 Dec ♆ Neptune ✕ Sextile ♄ natal Chiron

♅ Pluto ♂ Conjunction ♄ natal Chiron

Tue, 21 Dec New Moon in Sagittarius

Wed, 22 Dec ☼ Sun enters ♑ Capricorn

*The Sun* moving into *Capricorn* shifts focus toward **getting results** and **building something real** — you'll notice people around you tightening routines, setting deadlines, and cutting away what doesn't work. At work and in projects, there's a **push for efficiency** over comfort, so meetings get shorter, decisions happen faster, and people care less about feelings and more about the bottom line. In relationships and friendships, expect **less small talk** and more honest conversations about what actually matters — this is when people check in on whether things are moving forward or just stalling.

Sat, 25 Dec ♁ NNode □ Square ♃ natal Uranus

Tue, 28 Dec ☿ Mercury stations Retrograde

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Thu, 30 Dec ♁ NNode enters ♎ Libra

*North Node* in *Libra* pushes people toward **working with others** and **finding balance** instead of acting alone—you'll notice this shift in how much feedback and partnership matter now in decisions that used to feel individual. At work and in relationships, **compromise** becomes harder to avoid and actually gets better results, even though it takes more talking and listening than people are used to. The pattern is that people become more aware of how their choices affect others

and start **weighing different viewpoints** before moving forward, which slows things down but stops costly mistakes.
