KEY TRANSIT FACTORS

☿ Mercury ∠ Semi sextile ♀ natal Venus · peak 2 Jan ★

Over the coming weeks, you find it easier to say what you actually appreciate about people instead of keeping quiet. Your conversations flow more naturally when you're being genuine about what matters to you. This small shift in how you communicate makes your relationships feel a bit warmer and less guarded.

☉ Sun * Sextile ☾ natal Moon · peak 11 Jan ★

Right now you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your *Sun* and *Moon* are working together, so your instincts match your choices and you trust your gut more readily. Over the coming weeks, people around you will likely respond well because you come across as genuine and settled in yourself.

♀ Venus ∠ Semi sextile ☿ natal Mercury · peak 31 Jan ★

Over the coming weeks, your conversations flow more easily and people respond well to what you say. You find yourself **speaking with more warmth and genuinely interested in what others think**, which makes them want to talk with you. This natural charm in how you communicate opens doors socially and professionally without you having to force anything.

♁ NNode ☿ Quincunx ♇ natal Pluto · peak 28 Jan

Over the coming weeks, you may feel pulled in two directions when it comes to control and letting go. You want to move forward in a new direction but find yourself **reluctant to release old patterns** that feel familiar. This discomfort is real, and pushing too hard to change things quickly will only create more friction with yourself.

♁ NNode ♂ Opposition ♃ natal Jupiter · peak 20 Jan

Over the coming weeks, you are likely to feel **blocked when you try to expand or take on more**. You want to say yes to opportunities, but practical limits keep showing up, which can feel frustrating and limiting. This tension between your appetite for growth and what is actually available right now is real, and working within those boundaries rather than fighting them will serve you better.

♃ Jupiter ∠ Semi sextile ♃ natal Jupiter · peak 9 Jan

Over the coming weeks, you'll notice a quiet **boost in your confidence about making decisions** that affect your future. Small opportunities or lucky breaks show up without you having to push hard for them, and you feel more willing to say yes to them. This is *Jupiter* giving your natural optimism a gentle lift, so take advantage of any openings that match what you actually want right now.

♃ Jupiter ♂ Conjunction ♇ natal Pluto · peak 7 Jan

Right now you are drawn to situations where you can take charge and reshape things that feel stalled or broken. You may push harder than usual to gain control over a project, relationship, or part of your life that frustrates you—and **your determination is real, but you risk overwhelming others or moving too fast**. Over the coming weeks, notice whether you are solving actual problems or simply trying to force change for its own sake.

♃ Jupiter * Sextile ♂ natal Mars · peak 27 Jan

Over the coming weeks, you'll notice yourself **moving forward on things you've been putting off** without forcing anything. Your natural confidence is higher right now, so you take action more quickly and people respond better to what you're trying to do. This is a practical window where effort actually produces results, so starting a project or pushing a goal forward will feel less exhausting than usual.

♃ Jupiter * Sextile ♀ natal Mercury · peak 4 Jan

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

♁ Lilith ♂ Conjunction ☉ natal Sun · peak 31 Jan

Over the coming weeks, you feel less interested in fitting in or softening your opinions to keep the peace. You're more likely to say what you actually think and **push back against rules or expectations that feel fake**. This directness can clear the air in relationships, but it may also create friction if people around you aren't used to seeing this side of you.

♄ Saturn * Sextile ♃ natal Jupiter · peak 1 Jan

Right now you are more **willing to follow through on plans instead of abandoning them halfway**. The combination of *Saturn* and *Jupiter* means you can see the practical steps needed to make your bigger ambitions real, and you have the patience to stick with them. This is a good time to commit to something you have been thinking about for a while, because your confidence in the outcome is realistic rather than wishful.

♁ Lilith ♂ Conjunction ♆ natal Neptune · peak 31 Jan

These days you're more drawn to people and situations that feel emotionally intense or slightly forbidden, and you may **ignore practical warning signs** because the pull feels meaningful to you. Your usual ability to see through manipulation or deception gets softer right now, so you're more likely to believe what you want to believe about someone or something. Over the coming weeks, check your choices against what you actually know to be true, not just what feels compelling in the moment.

♃ Jupiter ☐ Square ♀ natal Venus · peak 1 Jan

Right now you are **overestimating what others feel about you**, which makes you push harder for approval or affection than is actually welcome. You may spend more money on gifts or experiences hoping to win someone over, or say too much too soon in a new relationship because you feel so confident about the connection. When the other person does not respond with the same enthusiasm, you feel rejected and confused about where things went wrong.

♁ NNode ☿ Quincunx ♀ natal Mercury · peak 31 Jan

Over the coming weeks, you'll notice your usual way of explaining things doesn't quite land the way it normally does. People seem to need you to say things differently than feels natural to you right now, which can be **awkward and frustrating** in conversations. The mismatch between what you want to communicate and what actually gets understood will push you to find new ways of thinking about how you talk to others.

♄ Saturn ∟ Semi sextile ♇ natal Pluto · peak 1 Jan

You're finding it easier right now to **follow through on difficult decisions** without second-guessing yourself. The practical support between *Saturn* and *Pluto* gives you the kind of quiet confidence that lets you stick with tough changes once you've committed to them. Over the coming weeks, you'll notice you're less likely to get pulled back into old patterns because you've actually built something solid to replace them.

LUNATIONS

● New Moon · Friday, 14 Jan

in ♑ Capricorn

long-term goals, ambition, structural reset

in H9 — Expansion & Beliefs

Your beliefs, worldview, and hunger for broader experience are entering a fresh cycle. This lunation supports **travel, higher education, publishing, or any pursuit that expands your horizons** beyond the familiar. A new philosophy or spiritual direction may begin taking shape now. Whether you're planning a journey, starting a course of study, or simply opening your mind to different perspectives, what you initiate carries real weight for your long-term growth.

○ Full Moon · Friday, 28 Jan

in ♌ Leo

recognition, drama, creative culmination

in H3 — Communication & Learning

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

KEY DATES

Sat, 1 Jan ♄ Saturn * Sextile ♃ natal Jupiter

Sun, 2 Jan ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Tue, 4 Jan ♃ Jupiter * Sextile ☿ natal Mercury

Thu, 6 Jan ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Fri, 7 Jan ☿ Mercury stations Retrograde

♃ Jupiter ♂ Conjunction ♇ natal Pluto

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Mon, 10 Jan ♄ Saturn * Sextile ♃ natal Jupiter

Wed, 12 Jan ☿ Mercury enters ♑ Capricorn

Mercury entering *Capricorn* shifts how you talk and think toward **practical results** — you'll notice yourself cutting out small talk and focusing on what actually matters at work or in conversations. People around you tend to **respect the directness** more during this time, even if your words feel plainer than usual, because *Capricorn* makes communication **efficient and honest**. At work especially, **planning and problem-solving** feel sharper; *Mercury* here rewards you for thinking several steps ahead instead of reacting on the spot.

Fri, 14 Jan New Moon in Capricorn

Tue, 18 Jan ♂ Mars enters ♓ Pisces

Mars in *Pisces* tends to **blur your usual drive**, making you less direct about what you want and more likely to drop hints instead of stating things plainly. At work or in relationships, people often notice they're **slower to push back** on things that bother them, or they take longer to make decisions because competing feelings keep shifting their mind. The pattern is that **physical energy dips** — you might feel less urgent about exercise or tasks, preferring to move at an easier pace until something emotional finally lights a fire under you.

Thu, 20 Jan ♃ NNNode ♂ Opposition ♃ natal Jupiter

Fri, 21 Jan ☉ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

Sun, 23 Jan ♇ Pluto ☐ Square ♅ natal Uranus

Thu, 27 Jan ♃ Jupiter * Sextile ♂ natal Mars

Fri, 28 Jan ☿ Mercury stations Direct

Full Moon in Leo

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications**

often resolve themselves once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Sun, 30 Jan ♀ Venus enters ♋ Pisces

Venus in *Pisces* makes people **softer and more forgiving** in how they treat others, so you might find yourself saying yes to requests you'd normally turn down or letting old arguments go without needing to rehash them. In relationships and work, this transit brings **less direct communication** — people get quieter, drop hints instead of asking straight out, and assume others understand what they want without saying it. Venus here also pulls attention toward **feeling appreciated through small gestures** like a text check-in or someone remembering how you take your coffee, rather than big declarations or expensive gifts.

Mon, 31 Jan ♃ Lilith ♂ Conjunction ☉ natal Sun

♀ Lilith ♂ Conjunction ♃ natal Neptune

♁ NNode ♂ Opposition ♃ natal Jupiter

♇ Pluto ☐ Square ♂ natal Uranus
