KEY TRANSIT FACTORS

☿ Mercury ∠ Semi sextile ♀ natal Venus · peak 4 Jan ★

Over the coming weeks, you find it easier to say what you actually appreciate about people instead of keeping quiet. Your conversations flow more naturally when you're being genuine about what matters to you. This small shift in how you communicate makes your relationships feel a bit warmer and less guarded.

☉ Sun * Sextile ☾ natal Moon · peak 10 Jan ★

Right now you find it easier to **act on what you actually feel** instead of second-guessing yourself. Your *Sun* and *Moon* are working together, so your instincts match your choices and you trust your gut more readily. Over the coming weeks, people around you will likely respond well because you come across as genuine and settled in yourself.

♊ NNode qx Quincunx ☉ natal Sun · peak 26 Jan

These days you feel pulled between what you want to do and what feels like the right thing to do, and the two don't quite line up. You might find yourself **saying yes to commitments that don't actually match your real priorities**, then feeling frustrated when you realize what you've agreed to. Over the coming weeks, the practical answer is to slow down before you commit and check in honestly with yourself about what you actually want.

♊ NNode qx Quincunx ♆ natal Neptune · peak 22 Jan

These days you are noticing gaps between what you imagine and what actually works in your relationships or creative projects. You feel pulled toward **adjusting your expectations** because reality keeps bumping up against your daydreams. Over the coming weeks, this friction between fantasy and fact will push you to make small practical changes instead of waiting for perfect conditions.

♄ Chiron ∠ Semi sextile ♇ natal Pluto · peak 3 Jan

Over the coming weeks, you find it easier to talk about difficult experiences without getting stuck in blame or shame. You notice yourself **mentioning hard things from your past in casual conversation**, then moving forward naturally instead of dwelling. This small shift lets you build real connections with people who appreciate your honesty.

♄ Chiron ♂ Conjunction ♃ natal Jupiter · peak 7 Jan

Over the coming weeks, you're likely to notice where you've been overconfident or made promises you can't keep, especially in areas where you usually feel lucky or assured. This isn't punishment—it's **realistic feedback** about the gap between what you believe you can do and what actually works in practice. You may feel frustrated by limits you hadn't seen before, but this period gives you a chance to build your confidence on solid ground instead of assumption.

♄ Chiron ∠ Semi sextile ☿ natal Mercury · peak 1 Jan

These days you find it easier to **explain things that usually confuse people**, because you naturally spot where someone's understanding breaks down. Your words feel clearer and more helpful, and conversations that might have turned into arguments instead become real problem solving. While this lasts, you're picking up on what others actually need to hear rather than just saying what comes to mind first.

♄ Chiron ∟ Semi sextile ♂ natal Mars · peak 31 Jan

These days you're finding it easier to **speak up about what you actually need** instead of pushing through on your own. You're noticing that asking for help or setting a boundary doesn't drain you the way it used to. This quieter confidence is showing up in conversations at work and in your relationships, making things feel less exhausting overall.

♅ Uranus △ Trine ♀ natal NNode · peak 1 Jan

While this lasts, you find it easier to **break free from old patterns that no longer fit** and try something genuinely new. You feel less afraid of standing out or doing things differently than usual, and others seem to respond well to this shift in you. Over the coming weeks, this confidence in your own direction can open doors you didn't expect.

♅ Uranus ∟ Semi sextile ☉ natal Sun · peak 31 Jan

These days you feel **ready to try something different** without needing to blow up your whole life to do it. Small changes at work or home suddenly feel possible, and you notice you're less attached to how things have always been done. This is a good window to test out new routines or introduce fresh ideas that have been sitting in the back of your mind.

♃ Jupiter ☌ Quincunx ♂ natal Mars · peak 31 Jan

Over the coming weeks, you may notice your usual drive and confidence don't quite match up with what's actually possible right now, leaving you **frustrated when plans don't move as fast as you want them to**. *Jupiter* is expanding your ambitions while *Mars* pushes for quick action, but the two are pulling in slightly different directions. You might waste energy on projects that start with excitement but need to be adjusted or abandoned halfway through.

♅ Uranus ∟ Semi sextile ♃ natal Neptune · peak 31 Jan

Your **imagination becomes more practical** during this period, letting you turn vague ideas into actual plans without losing the creative spark. You find yourself spotting small improvements in routines or systems that others miss, and these tweaks often work better than expected. This is a good time to experiment with new approaches to familiar problems because your intuition and logical mind are working together instead of pulling in different directions.

♄ Chiron * Sextile ♀ natal Venus · peak 1 Jan

Over the coming weeks, you find it easier to talk about what actually matters to you in relationships instead of staying quiet or pretending everything is fine. Your **honesty about your own needs** seems to land better with others right now, and people respond by opening up more too. This natural flow between what you feel and what you say creates real connection without the usual awkwardness or hurt feelings.

♃ Jupiter ☌ Conjunction ♁ natal Lilith · peak 1 Jan

Over the coming weeks, you're likely to feel more **willing to ignore rules that don't make sense to you**. You might speak up in situations where you'd normally stay quiet, or push back against expectations that feel unfair. This boldness can open doors, but it can also create friction if you're not careful about who you're confronting.

♃ Neptune ☌ Conjunction ♂ natal Mars · peak 1 Jan

Right now your usual drive and confidence are harder to access—you feel less certain about what you want and how to get it. You may find yourself avoiding decisions or commitments because the practical steps feel unclear, or you might pursue something half-heartedly without your normal push. This fuzziness will fade as *Neptune* moves on, but for now it helps to stick to routines and check your plans with someone you trust before acting.

♃ Jupiter Rx · ♋ Cancer

Emotional generosity and the expansion of close bonds may feel less available right now. Past connections, family relationships, or unresolved emotional commitments return to the foreground. Honest reflection on where your genuine care and loyalty are directed yields more than performing warmth you do not feel.

♄ Saturn Rx · ♊ Gemini

Mental discipline and consistency in communication are being tested right now. Projects that require sustained intellectual effort may expose areas where your commitment has been shallow. Returning to half-finished work rewards you more during this period than starting fresh.

LUNATIONS

● New Moon · Monday, 14 Jan

in ♑ Capricorn

long-term goals, ambition, structural reset

in H9 — Expansion & Beliefs

Your beliefs, worldview, and hunger for broader experience are entering a fresh cycle. This lunation supports **travel, higher education, publishing, or any pursuit that expands your horizons** beyond the familiar. A new philosophy or spiritual direction may begin taking shape now. Whether you're planning a journey, starting a course of study, or simply opening your mind to different perspectives, what you initiate carries real weight for your long-term growth.

○ Full Moon · Monday, 28 Jan

in ♌ Leo

recognition, drama, creative culmination

in H3 — Communication & Learning

A conversation, agreement, or learning process is reaching its culmination. Something that has been said or left unsaid is **demanding honest attention now**. The full moon illuminates your immediate environment — siblings, neighbors, short journeys, messages, and everyday exchanges. A truth that's been circling may finally land clearly. This is a moment to **complete a piece of writing, resolve a local dispute, or have the direct conversation** you've been avoiding.

KEY DATES

Tue, 1 Jan ☽ Uranus △ Trine ♁ natal NNode

Fri, 4 Jan ☿ Mercury enters ♒ Aquarius

Mercury in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

Mon, 7 Jan ♄ Chiron ♂ Conjunction ♃ natal Jupiter

Mon, 14 Jan New Moon in Capricorn

♄ Chiron ♂ Conjunction ♃ natal Jupiter

Sat, 19 Jan ☿ Mercury stations Retrograde

♀ Venus enters ♒ Aquarius

♂ Mars enters ♈ Aries

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.

Sun, 20 Jan ☼ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.
