### KEY TRANSIT FACTORS

#### ♄ Saturn ☐ Square ♂ natal Mars · peak 30 May

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

#### ♄ Chiron ☐ Square ♂ natal Mars · peak 20 May

Right now you're running into situations where your usual way of pushing forward feels blocked or clumsy, and you're **second-guessing your own strength**. You might notice old injuries or physical vulnerabilities flaring up, or you feel awkward and uncertain when you'd normally act with confidence. Over the coming weeks, this friction between doubt and action can actually show you where you're forcing things instead of thinking them through first.

#### ♄ Saturn △ Trine ♃ natal Jupiter · peak 5 May

Right now you find it easier to **follow through on what you say you'll do**, and people notice the reliability. Your practical judgment improves, so you can spot the difference between a good opportunity and wishful thinking. Over the coming weeks, this steadiness lets you build something real instead of chasing every new idea that appeals to you.

#### ♄ Saturn ☒ Quincunx ♇ natal Pluto · peak 2 May

You feel stuck between wanting to control a situation and knowing you cannot, which makes you irritable and restless in ways that are hard to explain to others. **You push harder on things that won't budge**, and this friction shows up most in relationships or projects where someone else has real power. Over the coming weeks, the practical way forward is to accept what you genuinely cannot change and redirect your effort toward the small moves that are actually within your reach.

#### ♁ NNode ♂ Conjunction ♆ natal Neptune · peak 31 May

These days you feel pulled toward people and situations that seem meaningful but are hard to pin down. You may find yourself **blending your own needs into other people's visions** without noticing it happening. While this lasts, pay attention to whether you are actually helping or just absorbing someone else's confusion as your own.

#### ♁ NNode ♂ Conjunction ☉ natal Sun · peak 31 May

Right now you feel **pulled toward doing things that matter to you personally**, even if they're not what others expect. You notice you care less about fitting in and more about showing up as yourself in conversations and decisions. Over the coming weeks, this shift might create friction in relationships where you've usually compromised, but it also clarifies what you actually want.

### ♄ Saturn ☐ Square ♀ natal Mercury · peak 1 May

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

### ♄ Saturn \* Sextile ♀ natal Venus · peak 1 May

Right now you're able to be **more honest about what you actually want from your relationships**, without getting defensive or apologetic about your needs. People respond well to this straightforward approach because you're not dramatizing anything—you're just saying things clearly. Over the coming weeks, this *Saturn* influence steadies your *Venus*, so conversations about commitment or boundaries feel less risky and more like normal adult talk.

### ♆ Neptune \* Sextile ♂ natal Mars · peak 1 May

You find yourself **acting on your goals with less resistance and more creative confidence** while this transit lasts. Your usual drive to push forward softens into something more intuitive, and you accomplish things by feeling your way through obstacles rather than bulldozing past them. Over the coming weeks, people respond better to this quieter approach, and you discover that backing off the gas pedal actually gets you further.

### ♄ Chiron △ Trine ♃ natal Jupiter · peak 1 May

While this lasts, you're more willing to talk about what actually hurt you in the past without getting stuck in blame. Your **practical honesty about your own weak spots** makes people trust you more, and they often open up to you about theirs. Over the coming weeks, this becomes an actual advantage in your relationships and work because you can help others without pretending you have all the answers.

### ♄ Saturn ☐ Square ♃ natal Uranus · peak 1 May

Right now you feel trapped between what you want to do and what you have to do, and the frustration builds quickly. You become **irritable when anyone or anything blocks your independence**, and you may act out impulsively just to prove you're in control. Over the coming weeks, real responsibilities will keep colliding with your need for freedom, forcing you to make hard choices about what actually matters.

### ♄ Chiron ☒ Quincunx ♇ natal Pluto · peak 1 May

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

### ♃ Uranus △ Trine ♂ natal Mars · peak 1 May

These days you feel **willing to try things in new ways** without the usual hesitation that normally holds you back. Your practical actions become more flexible, and you find yourself breaking your own rules in ways that actually work out well. Over the coming weeks this confidence gives you the freedom to pursue goals that once seemed too risky or unconventional.

### ♃ Jupiter \* Sextile ♀ natal Moon · peak 31 May

Right now you feel **more at ease with what you're feeling**, and that ease spreads to how you treat the people around you. You're quicker to laugh, more patient with complaints from family or friends, and you actually listen instead of just waiting for your turn to talk. Over the coming weeks, this emotional looseness often leads to real conversations that improve your relationships or help someone feel heard by you.

### ♃ Jupiter ☉ Opposition ♄ natal Saturn · peak 31 May

Right now you're caught between wanting to expand and feeling held back by practical limits, which makes you restless and frustrated. You're likely **pushing harder against rules or responsibilities** that suddenly feel too tight, whether at work or in commitments you've made. Over the coming weeks this friction can push you to either break something unnecessarily or finally face where you've actually been avoiding difficult decisions.

### ♃ Jupiter Rx · ♍ Virgo

The expansion of practical systems, health routines, and work habits slows during this period in ways that demand honest assessment. Growth that has been accumulating may need to be reviewed for sustainability. Quality over quantity in your work and health practices rewards you more right now.

## PROGRESSED MOON

- Progressed Moon in ♑ Capricorn 26.0° H9
- Progressed Moon ☌ Conjunction ♆ natal Neptune

## LUNATIONS

○ Full Moon · Monday, 8 May

in ♏ **Scorpio**

hidden truths, emotional intensity, power shift

in H6 — **Health & Service**

A health situation or work matter is coming to a head. Something in your **daily routines, workplace dynamics, or physical wellbeing** can no longer be deferred — it needs attention and resolution. Overwork, health imbalances, or conflicts with colleagues become impossible to ignore under this full moon. This is the moment to address what your body has been signaling, complete a work project, or acknowledge a work dynamic that isn't sustainable.

● New Moon · Wednesday, 24 May

in ♊ **Gemini**

new ideas, curiosity, short-term connections

in H12 — **Inner Life & Solitude**

A new cycle is beginning in the hidden, private areas of your life. This lunation brings **inner work, spiritual renewal, and a clearing of old burdens** to the foreground. What you choose to let go of, process, or release over the coming weeks will free up significant inner resources. Solitude, contemplation, and honest self-examination are more productive than external activity right now. Trust what surfaces from beneath the surface — it's asking to be acknowledged.

#### KEY DATES

**Mon, 1 May** ☿ Mercury enters ♊ Gemini

♄ Saturn □ Square ☿ natal Mercury

*Mercury* entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

**Fri, 5 May** ♄ Saturn △ Trine ♃ natal Jupiter

**Mon, 8 May** Full Moon in Scorpio

**Tue, 9 May** ♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

**Thu, 11 May** ♀ Venus stations Retrograde

*Venus* stationing retrograde often brings **delayed decisions** in relationships and money — you might feel unsure about commitments or put off purchases you normally wouldn't hesitate on. People commonly **reconnect with exes** during this period, or **revisit old financial choices** that didn't sit right the first time. *Venus* retrograde tends to slow down **new relationships and deals**, so timing matters more than usual — what feels stuck now often moves again once the planet shifts direct.

**Sun, 14 May** ♃ Jupiter stations Direct

*Jupiter* turning **direct again** means opportunities and decisions that felt stuck or unclear over the past months can finally move ahead with real momentum. What becomes **clearer now** is whether plans, applications, or deals are actually going to work — delays lift and you get actual answers instead of waiting. **Growth starts moving** in the areas where *Jupiter* sits in your chart, so watch for openings in money, work, relationships, or learning that were on pause during the retrograde.

**Sat, 20 May** ♄ Chiron □ Square ♂ natal Mars

**Sun, 21 May** ☉ Sun enters ♊ Gemini

☿ Mercury stations Retrograde

♁ NNode ♂ Conjunction ♆ natal Neptune

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Wed, 24 May** New Moon in Gemini

**Mon, 29 May** ♄ Chiron □ Square ♂ natal Mars

Tue, 30 May ♄ Saturn ☐ Square ♂ natal Mars

Wed, 31 May ♃ NNNode ♂ Conjunction ♃ natal Neptune
