## KEY TRANSIT FACTORS

### ♃ Jupiter ☉ Opposition ♁ natal Chiron · Tuesday 20 Feb

Over the coming weeks, you are likely to **overestimate your ability to fix old wounds or help others with their pain**, which can leave you feeling deflated when reality doesn't match your optimism. *Jupiter* is pushing you to expand and take charge in areas where *Chiron* reminds you of your actual limits and vulnerabilities. The mismatch between what you think you should be able to do and what you can actually manage may create frustration or self-doubt during this period.

### ♆ Neptune ♁ Quincunx ☾ natal Moon · Sunday 25 Feb

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

### ♆ Neptune ∟ Semi sextile ♄ natal Saturn · Sunday 25 Feb

Right now you find it easier to **soften rigid rules you've been following without questioning**, and this actually helps you get more done rather than less. Your practical judgment stays sharp while you become less harsh with yourself about small mistakes or delays. These next few weeks give you a real chance to loosen your grip on control and discover that things still work out fine.

### ♁ Chiron △ Trine ☿ natal Mercury · Sunday 25 Feb

You find it easier to talk about your own struggles and listen without judgment when others share theirs. Your conversations tend to be more honest and direct, and people seem to appreciate your **practical, grounded way of discussing difficult topics**. Over the coming weeks, this natural clarity helps you connect with people on a real level instead of staying stuck in surface talk.

### ♄ Saturn ☉ Opposition ♅ natal Uranus · Monday 19 Feb

Right now you are caught between wanting to break free and feeling locked down by real constraints, and this clash is making you restless and irritable. You might suddenly impose strict rules on yourself or resist any structure at all, swinging between these two extremes without finding middle ground. **You feel frustrated that you cannot escape your obligations**, and this tension will likely push you to make hasty decisions about work, relationships, or commitments that you'll need to revisit once this period ends.

### ♁ Chiron □ Square ♀ natal Venus · Monday 19 Feb

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

### ♅ Uranus ☾ Quincunx ♂ natal Mars · Sunday 25 Feb

Your usual way of pushing forward or getting things done feels slightly off right now, like your timing is consistently a beat late or your efforts land awkwardly. You might find yourself **starting projects with energy but then stopping to rethink your approach** halfway through, which can be frustrating if you're used to just powering through. Over the coming weeks, the practical answer is to build in extra adjustment time and expect that your first attempt at something physical or competitive may need a revision.

### ♃ Chiron ☉ Opposition ♄ natal Pluto · Sunday 25 Feb

Right now you are **confronting ways you control situations through fear or secrecy**, and it feels uncomfortable because someone or something is forcing you to see what you have been hiding from yourself. You may notice that your usual tactics for managing relationships or power no longer work, leaving you feeling exposed and defensive. These days it is worth sitting with this discomfort instead of retreating into old patterns, because what feels threatening right now is actually showing you where real change needs to happen.

### ♁ NNode ∟ Semi sextile ♃ natal Chiron · Sunday 25 Feb

Over the coming weeks, you'll find it easier to **notice when someone else is struggling and know exactly what to say** without overthinking it. This natural gift for understanding pain in others comes from recognizing similar patterns in yourself, and right now that recognition flows smoothly instead of getting tangled up. People around you will feel genuinely heard by you during this period, and that simple act often helps them more than they expected.

### ♄ Saturn ☾ Quincunx ♀ natal Venus · Monday 19 Feb

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

### ♄ Saturn Rx · ♋ Cancer

The structures that support emotional security — family obligations, domestic arrangements, and habitual patterns of care — are being reassessed right now. Boundaries in close relationships may feel either too rigid or insufficiently maintained. Honest reflection on what genuinely sustains you yields more now than seeking external reassurance.
