KEY DATE

♂ Mars enters ♉ Taurus

Mars in *Taurus* slows down your usual pace, and you'll notice yourself **taking longer to make decisions** at work or in projects — this isn't laziness, it's just how this transit works. In relationships and money matters, people often become **more stubborn about what they want**, and arguments tend to drag on instead of resolving quickly because nobody wants to budge. Most people find their **physical energy shifts toward steady effort** rather than bursts of speed, so this is actually a good time to build habits, save money, or work on something that needs patience rather than fast action.

KEY TRANSIT FACTORS

♋ NNode * Sextile ♀ natal Venus

You find it easier right now to connect with people in genuine ways and speak up about what matters to you socially. Your **natural warmth and openness come across more clearly**, and others respond positively to this shift in how you show up. Over the coming weeks, this period supports making new friendships or deepening existing relationships without the usual awkwardness or second-guessing.

♇ Pluto qx Quincunx ♂ natal Mars

Your usual way of handling conflict or pushing toward goals feels slightly off these days, as if your normal tactics are meeting unexpected resistance. You might notice yourself **second-guessing your approach** to situations where you'd normally act with confidence, or finding that direct methods don't produce the results you expect. Over the coming weeks, the practical adjustment you need is to slow down and observe what actually works rather than forcing your preferred solution.

♄ Saturn □ Square ♃ natal Mercury

Right now your thinking feels slower and more careful than usual, and you may struggle to express yourself clearly to others. **You second-guess your words** before speaking, worry that what you say will be misunderstood, and find it harder to explain ideas that felt obvious before. These mental delays and doubts will pass once this transit moves on, but while it lasts you'll need to accept that communication takes more effort and patience.

♃ Jupiter ∟ Semi sextile ♇ natal Pluto

While this lasts, you find yourself **willing to take small risks that push you past old limits**. You feel a quiet confidence in your ability to handle situations that normally feel too big or demanding, and you naturally start saying yes to opportunities you would have avoided before. Over the coming weeks, this steady courage tends to open doors that lead to real personal or professional growth.

☉ Sun qx Quincunx ☾ natal Moon

These days you feel slightly out of step between what you want to do and what you actually need emotionally. Your **restlessness shows up as difficulty settling into routines** that normally comfort you, like your usual sleep schedule or time with close people. Over the coming weeks, small adjustments to how you organize your day will help you feel more aligned with yourself.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

☾ Moon ☾ Semi sextile ♂ Mars

These days you have a natural **willingness to take action on what matters to you emotionally**. You notice you can speak up about your needs without getting defensive, and people respond better because you sound calm instead of urgent. This period gives you just enough psychological momentum to move on something you've been sitting with for weeks.

☾ Moon ♂ Conjunction ♄ Chiron

These days you are more aware of your own hurt spots and what makes you feel raw emotionally. You might find yourself being **gentler with yourself** about old disappointments instead of pushing through them. This is a practical window to notice what actually bothers you rather than ignore it.

☿ Mercury ♂ Conjunction ♀ Venus

These days you find it easier to say what you actually mean without sounding harsh or defensive. Your **words feel more natural and people listen differently** when you speak, which makes conversations flow instead of turning into arguments. This period is good for talking through disagreements, asking for what you want, or telling someone you care about them.

LUNAR DAY

Moon in ♈ Aries · Day 30 / 30 · Waning Crescent

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
