KEY TRANSIT FACTORS

♀ Venus ☐ Square ♂ natal Mars

Over the coming weeks, you're likely to feel **restless and impatient in your relationships**, wanting more excitement or attention than your partner is willing to give right now. Your desire for closeness keeps bumping up against your need to do things your own way, which can create awkward moments or small arguments that feel out of proportion. These clashes are temporary, but they'll show you where you and the people close to you actually want different things.

♇ Pluto ♂ Conjunction ♁ natal Uranus

You feel a strong urge to break free from situations that feel restrictive, and you may act on this impulse more suddenly than usual. Your tolerance for routine and compromise drops noticeably, making you **impatient with anything that feels like control**. Over the coming weeks, expect tension in relationships or work if others don't understand why you need to change direction so quickly.

♂ Mars * Sextile ♄ natal Saturn

Right now you're able to **push forward on projects that actually matter** without burning yourself out or making reckless moves. Your practical side is working smoothly with your drive, so you can set a realistic pace and stick to it. These days you get things done not by forcing them but by showing up consistently and letting the work speak for itself.

☿ Mercury ☐ Opposition ♆ natal Neptune

Right now your thinking is foggy and your communication keeps misfiring because you cannot tell what is real from what you are imagining. You find yourself **second-guessing your own words** mid-conversation and struggling to explain what you actually mean to other people. This confusion will fade once *Mercury* moves past this opposition to your *Neptune*, but for now you need to slow down, write things down, and ask for clarification instead of assuming you have been understood.

♆ Neptune △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

☿ Mercury Rx · ♊ Gemini

Information overload and communication mix-ups are more likely right now than at other times. You may find yourself re-reading, misunderstanding, or having to repeat conversations that should have been straightforward. Slow down with written communications in particular — errors sneak through when you feel most certain.

☉ Sun ♂ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun * Sextile ♄ Saturn

Right now you find it easier to follow through on what you say you'll do, and people notice you're more reliable than usual. Your practical judgement is sharp, so **you can see what actually needs to happen** instead of getting distracted by what sounds exciting. This is the kind of period where effort pays off directly, so if you've been putting something off, the conditions are there to make real progress without burning yourself out.

LUNAR DAY

Moon in ♒ Aquarius · Day 21 / 30 · Waning Gibbous

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.

CLOTHING & JEWELRY
