KEY DATE

☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

KEY TRANSIT FACTORS

♂ Mars * Sextile ♅ natal Uranus

Right now you find it easier to act on your unconventional ideas without overthinking them, and people respond well to your **refreshing directness**. You're willing to try new approaches at work or in your routines, and small experiments often lead somewhere useful rather than nowhere. This window won't last long, so these are good weeks to pitch that different idea or shake up something that's been stuck in the same pattern.

♀ Venus ☐ Square ☾ natal Moon

Right now you're more critical of the people close to you, especially about how they show affection or support you. You might push away someone who's trying to help because you **feel disconnected from what they're offering**, even if it's genuinely good. This frustration can make you withdraw or say things you regret, so it helps to notice when you're in this mood before you act on it.

♇ Pluto ♂ Conjunction ♅ natal Uranus

You feel a strong urge to break free from situations that feel restrictive, and you may act on this impulse more suddenly than usual. Your tolerance for routine and compromise drops noticeably, making you **impatient with anything that feels like control**. Over the coming weeks, expect tension in relationships or work if others don't understand why you need to change direction so quickly.

♃ Jupiter ☐ Square ♁ natal NNode

Over the coming weeks, you may feel pulled to take on more than you can reasonably handle, which can frustrate your actual sense of direction. Your **confidence outpaces your judgment**, making you say yes to opportunities that don't fit your real priorities or skills. This misalignment between what you think you should do and what actually works for you creates unnecessary setbacks and wasted effort.

♁ Chiron ♂ Quincunx ♆ natal Neptune

Right now you are noticing gaps between what you believe about yourself and how you actually behave in stressful moments. You might find yourself **acting more defensively or withdrawn than you expect**, especially when someone questions your motives or judgment. These days the disconnect feels awkward rather than painful, but it is pushing you to pay closer attention to where your ideals do not match your real actions.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♌ Leo · Day 5 / 30 · Waxing Crescent

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
