KEY DATE

☿ Mercury enters ♍ Virgo

Mercury entering *Virgo* sharpens how you **think and communicate** — your mind becomes more precise, you spot details you missed before, and you naturally organize information instead of leaving things vague. At work and in conversations, people tend to **speak more carefully**, ask better questions, and get frustrated faster with unclear explanations or messy processes. Over the next few weeks, this transit pushes you toward **sorting things out** — whether that's cleaning up your schedule, fixing a system that never worked right, or finally having that direct talk you've been avoiding.

KEY TRANSIT FACTORS

♁ Chiron ☌ Quincunx ♅ natal Uranus

You feel uncomfortable with your usual ways of doing things, even though you can't quite explain why. These days you notice yourself wanting to break free from routines that normally work for you, which creates **practical friction between your need for stability and your urge to change direction**. Over the coming weeks, small adjustments in how you handle independence or unconventional choices will feel necessary, even if they don't come naturally to you right now.

☿ Mercury ☐ Square ♄ natal Saturn

Your thinking feels slower and more critical right now, as if your mind is working against you instead of for you. You second-guess yourself constantly, rewrite emails before sending them, and **struggle to say what you actually mean**. These delays and self-doubt can make practical tasks like paperwork, contracts, or explaining yourself to others feel exhausting and unnecessarily hard over the coming weeks.

♁ NNode ☌ Conjunction ♇ natal Pluto

You are drawn to situations where you have to confront what you actually want instead of what you think you should want. This period brings moments where your usual ways of handling power and control no longer work, forcing you to make real changes in how you relate to others. Over the coming weeks, you may find yourself saying no to people or situations you would normally tolerate, which feels uncomfortable but also oddly necessary.

♃ Jupiter * Sextile ♄ natal Saturn

Right now you find it easier to **follow through on commitments** without feeling weighed down by them. *Jupiter* is supporting your *Saturn*, which means you can take on real responsibility and actually enjoy the structure instead of resenting it. Over the coming weeks, you'll notice that planning ahead and sticking to deadlines feels less like a burden and more like something that works in your favor.

♃ Jupiter △ Trine ♆ natal Neptune

Over the coming weeks, you find it easier to **believe in your own ideas** without needing constant proof or reassurance. Your imagination feels more practical right now, and you can turn vague daydreams into actual plans that other people take seriously. This is a good time to pitch something creative or intuitive that you've been sitting on, because people around you are more receptive to what you're offering.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun * Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

☉ Sun ☐ Square ♆ Neptune

Right now you are likely to **confuse what you want with what you imagine you want**, making it hard to set realistic goals or stick to decisions. People around you may seem unreliable or evasive, and you might notice yourself doing the same thing without meaning to. This period asks you to slow down and write things down before acting, because your usual sense of what is real gets cloudy.

LUNAR DAY

Moon in ♐ Sagittarius · Day 8 / 30 · First Quarter
