KEY TRANSIT FACTORS

♇ Pluto △ Trine ♀ natal Venus

You find it easier to say what you actually want in your relationships right now, and people respond well to your honesty. Your **natural magnetism increases** — you draw others toward you without trying hard or performing. Over the coming weeks, connections deepen because you're showing up as yourself, and that authenticity makes a real difference in how people treat you.

☉ Sun ∟ Semi sextile ☿ natal Mercury

These days you find it easier to **explain your thoughts clearly** without overthinking what you say. People seem to understand your point the first time, and conversations flow naturally because you're not second-guessing yourself. This relaxed confidence with words can help you tackle small communication tasks at work or smooth over minor misunderstandings in your personal life while it lasts.

☉ Sun △ Trine ♁ natal Chiron

Right now you find it easier to talk about past hurts without becoming defensive or withdrawn. You're **more willing to listen to feedback** about your weak spots and actually do something practical with it. These few weeks are a good window to work on old patterns that usually trip you up, since you're approaching them with less shame and more actual curiosity.

♁ NNode ☍ Opposition ♂ natal Mars

Right now you're running into friction between what you want to do and what other people need from you. Your usual directness and confidence come across as selfish or aggressive to those around you, even when you don't intend it that way. **You feel pulled in opposite directions** — your instinct is to act fast and claim what you want, but circumstances keep forcing you to slow down and consider other people's interests instead.

♅ Uranus □ Square ♂ natal Mars

These days you feel **restless and impatient with normal routines**, and you're more likely to act on impulses without thinking through the consequences. Your usual way of handling frustration stops working, so small annoyances trigger bigger reactions than they should. Over the coming weeks, this mismatch between what you want to do right now and what you actually should do will create real practical problems if you don't stay aware of it.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun ☐ Square ♄ Chiron

Right now you are more aware of your own weak spots and past hurts, which makes it harder to feel confident in what you're doing. You might find yourself **second-guessing your choices** or feeling like you're not good enough, even when you're performing well. This psychological self-doubt is temporary, but it takes real effort to push through it and keep moving forward.

LUNAR DAY

Moon in ♊ Gemini · Day 26 / 30 · Last Quarter

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.

CLOTHING & JEWELRY
