## KEY TRANSIT FACTORS

### ♃ Jupiter ☌ Conjunction ♁ natal Lilith

Over the coming weeks, you're likely to feel more **willing to ignore rules that don't make sense to you**. You might speak up in situations where you'd normally stay quiet, or push back against expectations that feel unfair. This boldness can open doors, but it can also create friction if you're not careful about who you're confronting.

### ☿ Mercury ☌ Quincunx ♃ natal Jupiter

Over the coming weeks, you may notice your thinking and your bigger plans don't quite line up. You have ideas that feel promising but also vague, and when you try to act on them you hit practical snags that weren't obvious at first. **You're prone to overestimating what you can actually pull off**, so slowing down to check the details before you commit will save you frustration.

### ☾ Moon △ Trine ♂ natal Mars

Right now your emotional state and your drive are working together smoothly, which means you feel **motivated without overthinking things**. You're more likely to act on what you want instead of getting stuck in doubt, and people around you pick up on this confident energy. Over the coming weeks, you'll probably find it easier to push through tasks that normally feel like a drag, and to stand up for yourself without it turning into conflict.

### ♇ Pluto △ Trine ♂ natal Mars

You're finding it easier right now to **push through obstacles without burning yourself out**, because your determination feels steadier and more controlled than usual. Tasks that normally drain you are moving forward with less internal resistance, and you can tell the difference between real effort and pointless struggle. Over these coming weeks, you'll probably notice you accomplish more while actually feeling less frustrated in the process.

### ☉ Sun ☌ Quincunx ♁ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

### ☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun ☐ Square ♇ Pluto

Right now you feel **pushed to prove yourself** in ways that feel uncomfortable or unnecessary. Everyone around you seems more irritable, defensive, or bent on getting their way without compromise. This period brings out the part of you that resists being told what to do, and small conflicts can quickly turn into power struggles.

☉ Sun \* Sextile ♄ Chiron

Right now you find it easier to talk about things that usually stay hidden, and people respond by listening instead of dismissing you. Your **willingness to admit weakness** actually makes others trust you more because you seem real. This is a good time to ask for help with something you have been carrying alone, because the practical support tends to show up.

LUNAR DAY

Moon in ♎ Libra · Day 8 / 30 · First Quarter

**The social atmosphere becomes more diplomatic** during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.
