## KEY TRANSIT FACTORS

### ♁ Chiron ☌ Opposition ♃ natal Jupiter

Over the coming weeks, your usual confidence in your own judgment hits a wall, and you start second-guessing decisions you'd normally make without hesitation. You feel **blocked from moving forward on plans** that seemed solid before, as if something keeps exposing the weak spots in your thinking. This period asks you to slow down and check your assumptions rather than barrel ahead—which feels frustrating, but catching these gaps now saves you from bigger mistakes later.

### ☾ Moon ☌ Opposition ☉ natal Sun

Right now you feel **pulled in opposite directions between what you want and what others need from you**. Your usual confidence takes a dip, and you second-guess decisions you would normally make without hesitation. These tensions with people around you are real—they're reflecting back something about what you're not giving yourself permission to want.

### ♁ Chiron △ Trine ♇ natal Pluto

Over the coming weeks, you find it easier to **talk honestly about difficult things** without getting defensive or shutting down. People respond well to your openness because you're not attacking or blaming them, just saying what actually happened and how it affected you. This period gives you a practical window to repair relationships or clear the air in conversations you've been avoiding.

### ♅ Uranus ☌ Opposition ♄ natal Saturn

Over the coming weeks you will feel **restless within your usual routines** and want to break free from structures you normally rely on. Rules and limits that usually feel safe will start to feel like a cage, pushing you to make sudden changes that skip the practical planning stage. The tension between wanting stability and wanting to rebel creates real friction in your work and relationships as you swing between these two pulls.

### ♊ NNode □ Square ♅ natal Uranus

Right now you're caught between wanting to break free and feeling pulled toward fitting in with a group or community, which creates real friction in your social life. You might find yourself saying yes to commitments you don't actually want, then suddenly rejecting them or picking fights over small things. Over the coming weeks, this restlessness will push you to examine which relationships or groups are genuinely yours and which ones you've stayed in out of habit or obligation.

### ☿ Mercury Rx · ♎ Libra

Relationship negotiations, contracts, and pending decisions become tangled right now. You may revisit agreements or feel pressure to reconsider commitments you thought were settled. Avoid finalizing important partnerships or legal matters until Mercury stations direct — clarifying existing arrangements is more productive.

☉ Sun ☐ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

☉ Sun \* Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun \* Sextile ♃ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

LUNAR DAY

Moon in ♑ Capricorn · Day 8 / 30 · First Quarter

**Focus narrows toward responsibilities** and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
