KEY TRANSIT FACTORS

♂ Mars ☐ Quincunx ☉ natal Sun

Over the coming weeks, you may notice your usual way of taking action feels slightly off or requires more effort than normal. You might start a task with confidence but then need to adjust your approach midway through, or feel restless when your plans don't go exactly as you expect. This **mismatch between your drive and your direction** usually settles down once you accept that forcing things won't work—small changes in strategy will.

♁ Chiron △ Trine ♅ natal Uranus

You find it easier to **think clearly about what you actually want to change** in your life without getting stuck in doubt or fear. Your practical side connects with your need for independence, so you can plan real steps toward breaking old patterns instead of just daydreaming about them. These days you notice you're less defensive about feedback and more willing to try new approaches, which makes tackling problems feel less exhausting.

☾ Moon ☐ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

♃ Jupiter ☐ Square ♃ natal Jupiter

Right now you're caught between wanting to expand too fast and hitting real practical limits. You overestimate what you can handle, say yes to too much, and then feel frustrated when reality doesn't cooperate with your plans. These friction points are teaching you where your actual resources end, but the lesson feels annoying rather than helpful **while it lasts**.

♄ Saturn ☐ Square ☾ natal Moon

Right now your emotional needs feel blocked or neglected, and you're likely being harder on yourself about what you want or feel. **You withdraw** from people instead of asking for what you need, then feel resentful or alone. Over the coming weeks, you'll have a chance to sort out which of your feelings actually matter to you and which ones you've just been carrying around without question.

☉ Sun ♂ Conjunction ♃ Jupiter

Right now you feel more confident about your abilities and less worried about what could go wrong. You are **more willing to take on bigger challenges** and speak up in situations where you normally stay quiet. This period tends to bring real opportunities your way because you are actually showing up differently, not because of luck.

☉ Sun * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

› Moon ∟ Semi sextile ☿ Mercury

These days your thoughts and feelings are **naturally aligned**, so what you say matches what you actually feel inside. You find it easier to explain what is bothering you or what you need without getting confused or defensive. This makes conversations smoother because people understand you the first time instead of having to guess what you mean.

LUNAR DAY

Moon in ♈ Aries · Day 4 / 30 · New Moon

Impatience with delays rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
