KEY TRANSIT FACTORS

☾ Moon ☐ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

☉ Sun ☊ Opposition ☾ natal Moon

Right now you feel caught between what you want to do and what you feel you should do, and this split is making you irritable and tired. Your **need for rest clashes with external demands**, so you're pushing yourself when your body is asking for a break. Over the coming weeks, others may see you as withdrawn or difficult, when really you're just exhausted from the mismatch between your inner state and what the outside world expects from you.

♊ NNode ☌ Conjunction ♁ natal Chiron

Over the coming weeks, you become **more aware of how you respond when others are struggling or hurt**. You notice yourself wanting to help in ways that feel natural to you, and people actually seem to listen when you do. This isn't about fixing anyone—it's about recognizing where your practical support lands best and feels most genuine.

☾ Moon ☐ Square ♆ natal Neptune

Right now your **emotional reactions feel unreliable and confusing**, making it hard to know what you actually feel versus what you're imagining. You might find yourself withdrawing from people or creating problems that don't exist yet because your mood shifts so quickly. These fuzzy emotional states can cloud your judgment in practical decisions, so waiting a few days before making important choices about work or relationships will help you stay grounded.

♇ Pluto ☌ Semi sextile ♅ natal Uranus

These days you're picking up on small ways you could shake up your routines without upending your whole life, and you're **moving on these ideas gently instead of fighting yourself**. A shift you've been resisting for months suddenly feels possible because you see how to do it step by step rather than all at once. Over the coming weeks, you'll likely surprise yourself with how much you can actually change when you stop waiting for permission.

☿ Mercury **Rx** · ♋ Pisces

Thinking becomes impressionistic rather than precise during this period, making concrete decisions harder than usual. Miscommunications arise from vagueness — what you think you said and what others heard often differ. Creative and intuitive work benefits from this diffuse quality; contracts and deadlines do not.

☉ Sun ☌ Conjunction ☿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☉ Sun * Sextile ♃ Neptune

Right now you find it easier to **notice what others need without them having to ask**, and people respond well to this attentiveness. Your practical decisions feel less rigid, and you can hold two opposite ideas at once without getting stuck. This period is good for creative work, counseling conversations, or any situation where you need to read between the lines.

LUNAR DAY

Moon in ♋ Pisces · Day 29 / 30 · Waning Crescent

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
