## KEY TRANSIT FACTORS

### ♊ NNode △ Trine ♀ natal Venus ★

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

### ☾ Moon ★ Sextile ☉ natal Sun ★

You feel **more comfortable with yourself** right now, which makes it easier to speak up in conversations and take small actions you have been putting off. Your mood is steady enough that you can actually listen to other people instead of getting caught up in your own concerns. While this *Moon sextile Sun* lasts, things that usually feel difficult—like asking for help or sharing what you think—feel more natural.

### ♊ NNode ♂ Conjunction ♂ natal Mars

Over the coming weeks, you're more likely to **act on something you've been thinking about instead of sitting with it**. You feel a natural push to test your limits and take direct steps toward what matters to you. This isn't recklessness—it's your ability to move forward becoming sharper, so use it for practical goals rather than impulsive decisions.

### ♁ Chiron ♂ Quincunx ♊ natal NNode

Over the coming weeks, you feel pulled in two directions about your social role and where you fit in. You notice yourself second-guessing decisions about groups or communities you belong to, even though you usually know what you want. This **uncomfortable self-doubt** is temporary, and it often signals that some adjustment to how you present yourself socially is actually needed.

### ☾ Moon □ Square ♄ natal Saturn

Right now you feel **emotionally heavy and withdrawn**, as if your normal mood swings have turned sluggish and grey. You notice yourself avoiding people, cancelling plans, and sitting with feelings of inadequacy that feel hard to shake. Over the coming weeks, this low mood will likely push you to look honestly at what you actually need instead of what you think you should want.

### ♃ Jupiter Rx • ♋ Cancer

Emotional generosity and the expansion of close bonds may feel less available right now. Past connections, family relationships, or unresolved emotional commitments return to the foreground. Honest reflection on where your genuine care and loyalty are directed yields more than performing warmth you do not feel.

### ☉ Sun □ Square ☾ Moon

Right now your gut feelings and your sense of purpose are pulling in opposite directions. You might feel irritated with people close to you without knowing exactly why, or snap at someone when you meant to stay calm. This friction between what you want to do and what feels emotionally safe can push you to make real changes, but only if you stop and actually listen to both sides instead of just reacting.

› Moon ☐ Square ♃ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon △ Trine ♅ Uranus

These days you feel more willing to try things differently and less stuck by what you usually do. Your emotional reactions are quicker and more **open to change**, so you notice new possibilities instead of going along with the same routines. This makes it easier to break habits or suggest a different approach without it feeling scary or forced.

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
