KEY TRANSIT FACTORS

♇ Pluto ☿ Quincunx ♀ natal Venus

You feel oddly disconnected from what normally makes you happy, as though your usual pleasures have lost their appeal. Your social or romantic relationships may feel slightly off, making you wonder what has changed when nothing obvious has shifted. Over the coming weeks, you might notice yourself pulling back from people or activities you usually enjoy, until this uncomfortable mismatch eventually settles.

☉ Sun ∟ Semi sextile ♃ natal Jupiter

You feel **quietly more confident** about what you want to achieve right now, and small opportunities seem to show up without much effort on your part. Your mood is steadier than usual, and you find yourself saying yes to social or professional chances that normally would make you hesitant. Over the coming weeks, this sense of gentle support can help you move forward on something you've been thinking about.

♆ Neptune ☾ Opposition ☿ natal Mercury

These days your thinking feels foggy and it takes real effort to concentrate on practical tasks like work or problem-solving. You may find yourself **second-guessing what you heard** in conversations or mixing up important details because *Neptune* is blurring your usual *Mercury* clarity. Over the coming weeks, this confusion can affect your decisions, so writing things down and checking facts twice will protect you from avoidable mistakes.

♁ NNode ☐ Square ♁ natal Chiron

Right now you are **bumping up against your own defensive patterns** in social situations and group settings. You feel pulled toward new connections and directions, but old hurts make you hesitant to actually move forward or trust what is emerging. Over the coming weeks, this friction will keep showing you exactly where you protect yourself instead of risking something real.

☿ Mercury ∟ Semi sextile ♅ natal Uranus

Your mind feels sharper at spotting patterns other people miss, and you're more likely to **ask the unconventional questions** that actually move a conversation forward. These days you find it easier to explain your unusual ideas to others because your words just seem to land better. Over the coming weeks, this is a good time to pitch new thinking at work or share perspectives you've been holding back.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

› **Moon ☾ Quincunx ♃ Mars**

These days you might feel **restless without knowing why**, like your emotions want something your body isn't ready to deliver. Small tasks feel either pointless or urgent depending on your mood, and you could snap at someone over something that wouldn't normally bother you. The mismatch between what you feel like doing and what actually needs doing right now creates a practical friction that's hard to sit with.

› **Moon ☾ Quincunx ♃ Jupiter**

These days your feelings and your practical plans don't quite line up, so you end up second-guessing yourself more than usual. You might feel **restless or dissatisfied** even when things are going reasonably well, because part of you wants something bigger while another part knows the timing isn't right. This mismatch between what you want emotionally and what you can actually do creates an awkward pressure that pushes you to make small adjustments rather than major moves.
