KEY TRANSIT FACTORS

♁ Chiron * Sextile ♅ natal Uranus

You find yourself **more willing to experiment with new approaches** to problems that have frustrated you for a while, and your experiments actually work out better than you expected. Your friends or colleagues notice that you're suddenly more open to their unconventional ideas instead of dismissing them. Over the coming weeks, this combination of curiosity and practical luck means you can make real progress on something you've wanted to change about yourself or your situation.

♃ Jupiter qx Quincunx ♁ natal Chiron

You find yourself **overestimating what you can help others fix**, especially in situations where someone else needs to do their own work. Your confidence in giving advice or support grows, but you often miss the signs that people need to figure things out themselves. Over the coming weeks, you may feel frustrated when your generous efforts don't produce the results you expected.

♇ Pluto □ Square ♂ natal Mars

You are feeling blocked when you try to act on what you want, and small frustrations can trigger **sudden intense anger** that surprises even you. Your usual way of getting things done meets resistance from other people or from circumstances, leaving you feeling powerless and resentful. Over the coming weeks, you will need to pay attention to where you are actually pushing too hard instead of assuming others are the problem.

♃ Jupiter * Sextile ☿ natal Mercury

Your mind works faster and more clearly right now, making it easier to see solutions you usually miss. You find yourself **explaining things well** and picking up new information quickly, whether at work or in conversations. This is a practical window to tackle writing projects, learning, or any discussion that matters to you.

☾ Moon qx Quincunx ☉ natal Sun

Right now your mood and your sense of purpose are out of sync, so you feel restless even when things are going well. You might **second-guess decisions you normally feel confident about**, or find yourself irritable with people who don't understand what you need. These feelings will pass in a week or two, but until then you'll work better if you accept the discomfort rather than trying to fix it.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☾ Semi sextile ♅ Uranus

These days you find it easier to **try something different without overthinking it**. Small changes feel natural right now, whether that's taking a new route to work or suggesting a fresh idea in a conversation. This mild alignment between *the Sun* and *Uranus* gives you just enough confidence to break routine without feeling reckless.

☉ Sun ☾ Semi sextile ♆ Neptune

These days you find it easier to **imagine things before you build them**, whether that's a project at work or how you want your living space to feel. The subtle connection between *Sun* and *Neptune* softens your usual need to rush into action, giving your practical plans a touch of creativity. This is a good time to sketch out ideas, talk through your vision with others, or sit with half-formed thoughts without needing immediate answers.

LUNAR DAY

Moon in ♊ Sagittarius · Day 29 / 30 · Waning Crescent

Restlessness with routine increases during this transit, and the desire to break out of familiar patterns grows. Opinions get expressed more freely and with less filtering for the next day or two.

CLOTHING & JEWELRY
