KEY TRANSIT FACTORS

☉ Sun * Sextile ☾ Moon ★

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

♂ Mars ☌ Conjunction ♃ natal Mercury

Over the coming weeks, your mind works faster than usual and you're more likely to say what you think without filtering it first. You'll notice yourself jumping into conversations, arguing your point more forcefully, or getting impatient with slow explanations. This sharpness can help you cut through confusion or tackle problems directly, but it can also create friction if you're not aware of how blunt you're sounding.

♁ NNode ☌ Opposition ♀ natal Venus

Over the coming weeks you are likely to feel **disconnected from what you usually enjoy** and from the people who matter to you. Activities that normally please you may feel empty, and you might pull away from social situations or intimate moments without fully understanding why. This friction between what you want to give in relationships and what you actually want for yourself will push you to figure out what you really value, though the process feels uncomfortable right now.

☉ Sun * Sextile ♃ natal Jupiter

You're feeling more confident about your abilities right now, and you're probably taking on projects or conversations you might normally avoid. Your natural optimism is working in your favor — people respond well to your **straightforward, encouraging attitude**, and doors tend to open more easily. Over the coming weeks, trust this momentum to try something new or pitch an idea you've been sitting on.

☉ Sun △ Trine ♇ natal Pluto

You're able to see through situations right now and spot what actually matters instead of getting distracted by surface details. This clarity gives you **quiet confidence** to make decisions you've been putting off, whether at work or in personal relationships. Over the coming weeks, people tend to trust what you say because you come across as genuinely straightforward.

♂ Mars □ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

♂ Mars Rx • ♋ Cancer

Aggression and frustration tend to be expressed passively or indirectly right now rather than directly. Domestic tensions that have been suppressed may surface during this period. Identifying what you actually want from a situation — before reacting — is more useful than it normally is.

☉ Sun ☿ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun * Sextile ♇ Pluto

These days you find it easier to **spot what needs to change** in your life without feeling overwhelmed by it. The practical support between *Sun* and *Pluto* means you can see problems clearly and actually do something about them instead of avoiding them. This is a good window for tackling projects that require focus and honesty about what's really going on.
