## KEY TRANSIT FACTORS

### ♃ Jupiter △ Trine ☉ natal Sun

Right now you feel **more confident in yourself** and people around you pick up on that shift. You're more likely to speak up in meetings, take on new projects, or ask for what you want without overthinking it. Over the coming weeks, this is a practical time to pitch ideas, apply for opportunities, or have conversations you've been putting off because your natural self-assurance makes people more receptive to you.

### ☿ Mercury ♌ Conjunction ☉ natal Sun

Right now your thinking is clearer than usual, and you find yourself talking more and explaining your ideas without effort. People around you respond better to what you say because you're **more direct and confident in conversation**. These few weeks are a good time to handle emails, meetings, or decisions that need clear communication.

### ☉ Sun \* Sextile ♁ natal Chiron

These days you find it easier to talk about your past difficulties without getting stuck in them or feeling ashamed. You're **more willing to help others with their problems** because you can see how your own hard experiences actually taught you something useful. This period brings a practical confidence that lets you turn what once hurt you into real advice people actually want to hear.

### ☾ Moon \* Sextile ♂ natal Mars

Right now you feel **more willing to act on what you want** instead of sitting with frustration. Your emotional state and your drive are actually pointing in the same direction, so small tasks feel less like pushing a boulder uphill. Over the coming weeks, you'll likely notice you're quicker to start conversations, make decisions, or tackle projects that have been sitting around.

### ♂ Mars △ Trine ☾ natal Moon

Right now you're noticing that your **gut feelings guide you toward action without hesitation**, and other people respond well to this directness. What usually takes you weeks to decide feels clear and doable in a matter of days. Over the coming weeks, you'll likely tackle practical tasks and conversations that have been sitting on your to-do list, because your emotional confidence and motivation are running in sync.

### ♃ Jupiter Rx · ♏ Scorpio

Expansion in areas involving depth, transformation, and shared resources pauses for honest reassessment right now. Past investments — financial, emotional, or psychological — return to attention and require evaluation. Research and deeper understanding serve you better during this period than new initiatives.

### ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☾ Moon ☐ Square ♀ Venus

Right now your **emotional needs feel at odds with what you actually want** — you might crave closeness but feel irritable when someone gets near, or want to be alone but then feel rejected. This mismatch between *Moon* and *Venus* makes it harder to communicate what you need without sounding demanding or cold. Over the coming weeks, pay attention to these moments so you can spot the pattern and name it out loud before resentment builds up.

LUNAR DAY

Moon in ♈ Aries · Day 26 / 30 · Last Quarter

**Impatience with delays** rises noticeably right now, and people act on whatever they want without much advance thinking. Short tempers and blunt reactions are more common for the next 48 hours.
