## KEY TRANSIT FACTORS

### ♁ Chiron ☐ Square ♃ natal Mercury ★

Right now you're second-guessing what you say before you say it, which makes conversations feel awkward and slow. You notice **doubts creeping in about your own knowledge** — facts you were sure about suddenly feel uncertain, and you hesitate to speak up. This friction between thinking and speaking will ease in a few weeks, but for now it's worth recognizing that this self-doubt is temporary, not a real change in how smart you actually are.

### ♂ Mars △ Trine ♀ natal Venus ★

Right now you find it much easier to **ask for what you want** without feeling guilty or defensive about it. Your social confidence is naturally higher, and people respond well to the directness and warmth you're putting out. Over these coming weeks, you might notice yourself saying yes to invitations or making plans you'd normally hesitate about, and things tend to go smoothly when you do.

### ♁ NNode △ Trine ♀ natal Venus ★

Right now you find it easier to **say what you actually want in relationships** instead of hiding your needs. People respond well to your honesty because you're not aggressive about it, just clear. Over these coming weeks, you may notice others treating you with more warmth and respect when you show up as your authentic self.

### ♄ Uranus △ Trine ♄ natal Saturn

Right now you can spot problems in your routines and systems without getting defensive about changing them. You feel **willing to experiment with practical improvements** while keeping what actually works. This is a rare window where your instinct for stability supports your curiosity about doing things differently.

### ♁ NNode △ Trine ♂ natal Mars

Right now you're finding it easier to take direct action on things that matter to you, and people respond well to your straightforward approach. Your **confidence and willingness to speak up** feel natural rather than forced, making it simpler to pursue what you actually want instead of holding back. Over the coming weeks, you're likely to move forward on goals or conversations you've been sitting on, and the timing works in your favour.

### ☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

### ☉ Sun △ Trine ♁ Chiron

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

› Moon □ Square ♄ Saturn

At the moment, you feel **disconnected from people around you**, even when you are with them. Your emotional needs seem to clash with what is practical or realistic, leaving you frustrated. Moon square Saturn makes you withdraw when you actually need support most.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

LUNAR DAY

Moon in ♊ Gemini · Day 12 / 30 · First Quarter

**Social activity picks up** for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
