KEY TRANSIT FACTORS

☿ Mercury ☐ Square ♁ natal Chiron ★

While this lasts, you find yourself **rehashing old hurts in conversations** without meaning to. You say things that accidentally trigger people or bring up painful topics you thought you'd moved past. This period can feel frustrating because your words seem to land wrong, even when you're trying to help or connect.

♁ NNode ☐ Square ♀ natal Venus

Right now you are more **critical of your relationships and what you want from them**, and this makes it harder to enjoy the people close to you. You might find yourself questioning whether your partner, friends, or family actually fit what you need, or you push them away before they can disappoint you. Over the coming weeks, this friction can help you get honest about what you will and will not accept from others, but the process feels uncomfortable and isolating while it lasts.

♁ Chiron ☐ Quincunx ☾ natal Moon

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

♇ Pluto ☐ Square ♇ natal Pluto

Right now you are **fighting against your own need to control things**, and this makes everyday situations feel like power struggles. You might find yourself pushing harder in relationships or at work, only to meet resistance that frustrates you more. While this lasts, the practical lesson is that forcing your agenda does not work—stepping back and observing what is actually happening around you will show you where you have real influence and where you do not.

♃ Jupiter * Sextile ♅ natal Uranus

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

♄ Saturn Rx · ♌ Leo

Ambition and the structures supporting creative or public expression face an honest review during this period. Recognition that has been slow to arrive may be prompting important reassessment of your goals or methods. Internal validation serves you more right now than seeking external acknowledgment.

☉ Sun ☿ Quincunx ♀ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ♂ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

LUNAR DAY

Moon in ♌ Leo · Day 18 / 30 · Full Moon

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
