KEY TRANSIT FACTORS

♀ Venus ☉ Opposition ♂ natal Mars

Right now you're caught between what you want and what others want from you, and the clash is hard to ignore. You feel **restless and irritable** when people don't match your pace or energy, and you're more likely to snap or push back instead of finding middle ground. These days your relationships and attractions carry more friction than usual, and it takes real effort to slow down enough to actually listen.

♆ Neptune ☉ Conjunction ♂ natal Mars

Right now your usual drive and confidence are harder to access—you feel less certain about what you want and how to get it. You may find yourself avoiding decisions or commitments because the practical steps feel unclear, or you might pursue something half-heartedly without your normal push. This fuzziness will fade as *Neptune* moves on, but for now it helps to stick to routines and check your plans with someone you trust before acting.

♇ Pluto ☐ Square ♇ natal Pluto

Right now you are **fighting against your own need to control things**, and this makes everyday situations feel like power struggles. You might find yourself pushing harder in relationships or at work, only to meet resistance that frustrates you more. While this lasts, the practical lesson is that forcing your agenda does not work—stepping back and observing what is actually happening around you will show you where you have real influence and where you do not.

♅ Uranus ∟ Semi sextile ♏ natal NNode

Over the coming weeks, you find yourself drawn toward people and situations that feel genuinely new and different from your usual circles. Your **natural curiosity about unconventional ideas** is stronger than usual, and you notice yourself asking better questions instead of accepting the first answer. These small shifts in how you explore the world are quietly putting you in contact with opportunities that align more closely with what you actually want to become.

☉ Sun ☐ Square ♄ natal Saturn

Right now you're bumping up against your own limits, and it feels frustrating rather than motivating. You notice **resistance from authority figures or self-doubt blocking what you want to do**, and pushing harder only makes the friction worse. These few weeks ask you to slow down and work within real constraints instead of fighting them.

♀ Venus Rx • ♌ Leo

The need for admiration and recognition in relationships surfaces more strongly right now, sometimes in ways that surprise you. Past romantic connections or unresolved questions about self-worth may return during this period. Examining what you genuinely offer in relationships is more useful than seeking external validation.

☉ Sun ☉ Conjunction ♄ Saturn

Right now you are more aware of your own limits and what you actually need to do versus what you want to do. You become **more serious about your responsibilities** and less interested in shortcuts or excuses. This is a practical time to make concrete progress on something that matters, even if it feels slow or requires discipline.

› Moon ☾ Quincunx ♀ Venus

Right now your emotional needs and what you want socially are slightly out of sync, so you might feel pulled in two directions. You could notice yourself wanting comfort and closeness at times when you'd rather stay independent, or the opposite. This **mismatch between feeling and wanting** is temporary, and noticing it is the first step to working with it instead of against it.

› Moon ☾ Quincunx ♁ Saturn

These days you might feel **emotionally restless without knowing exactly why**, as if something needs fixing but you cannot quite identify what. Your practical side wants to organize your feelings into a manageable system, yet your emotional needs keep shifting underneath whatever plan you make. This mismatch between what you feel and what you think should happen creates a low-level frustration that pushes you to keep adjusting your approach until something finally clicks.

LUNAR DAY

Moon in ♎ Capricorn · Day 12 / 30 · Waxing Gibbous

Focus narrows toward responsibilities and unfinished obligations during this transit, with less tolerance for distraction or small talk. The emotional tone becomes more reserved and measured for the next 48 hours.
