KEY TRANSIT FACTORS

☿ Mercury ☐ Square ♁ natal Chiron ★

While this lasts, you find yourself **rehashing old hurts in conversations** without meaning to. You say things that accidentally trigger people or bring up painful topics you thought you'd moved past. This period can feel frustrating because your words seem to land wrong, even when you're trying to help or connect.

☉ Sun ☐ Square ♅ natal Uranus ★

Right now you feel restless with your usual routines and **resist what you normally accept without question**. You might pick fights with authority figures or suddenly reject plans you agreed to weeks ago, leaving people confused by your sudden change of mind. Over the coming weeks, this friction with the establishment or your own habits will force you to decide what you actually want instead of what you think you should want.

☾ Moon ☉ Opposition ♂ natal Mars

Your **impatience with others** peaks right now, and you're more likely to snap at people over small things. You feel restless and irritable, especially in situations where you normally stay calm, because your emotional needs clash with your natural drive to act fast. These days the friction between wanting to slow down and wanting to push forward makes everyday interactions harder.

♃ Jupiter ☒ Quincunx ♇ natal Pluto

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

☿ Mercury ∟ Semi sextile ♁ natal NNode

These days you find it easier to **say what you actually mean** instead of holding back or overthinking your words. Your conversations with people tend to flow more naturally, and you pick up on what others really need to hear from you. This is a good time to share ideas you've been sitting on or to have those conversations you've been avoiding.

☿ Mercury Rx • ♐ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

♂ Mars Rx • ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

☉ Sun ♂ Conjunction ♄ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

☾ Moon ♀ Quincunx ♄ Mercury

At the moment your *Moon* and *Mercury* are at odds, which makes it hard to say what you actually feel without overthinking it first. You might notice yourself **second-guessing your own reactions** or explaining your emotions in ways that don't quite fit the actual situation. This awkward angle between emotion and thinking tends to create mild frustration until you accept that some feelings just don't translate neatly into words.
