KEY DATE

♀ Venus enters ♑ Capricorn

Venus in *Capricorn* makes people **slower to commit** but more serious once they do—you notice yourself caring less about flashy romance and more about whether someone actually shows up. At work and in friendships, this transit brings **direct conversations** about what you actually want instead of hinting around, and people generally respect the honesty. Money matters get **practical attention** too, so you're more likely to check your budget, delay impulse buys, and think about long-term value rather than what feels good right now.

KEY TRANSIT FACTORS

☾ Moon ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you find it easier to **listen to what others really mean** rather than just their words, picking up on hints and feelings they do not say out loud. Your intuition about people's situations becomes surprisingly accurate during this period, and you naturally offer comfort that lands exactly where it is needed. This gentle support from the *Moon* and *Neptune* helps those around you feel understood without you having to try hard.

♋ NNode ☐ Square ♁ natal Chiron

Right now you are **bumping up against your own defensive patterns** in social situations and group settings. You feel pulled toward new connections and directions, but old hurts make you hesitant to actually move forward or trust what is emerging. Over the coming weeks, this friction will keep showing you exactly where you protect yourself instead of risking something real.

☾ Moon ☿ Quincunx ♄ natal Saturn

These days you feel out of sync between what you need emotionally and what your responsibilities demand. You might notice yourself **starting tasks but struggling to finish them**, or feeling irritable when practical obligations interrupt your mood. This awkward gap between your feelings and your duties will pass in a few days, but right now it's making small decisions feel surprisingly complicated.

♋ NNode ☉ Opposition ☿ natal Mercury

Right now you find yourself **saying things that confuse or upset people** even when you do not intend to. Your usual way of explaining yourself is not landing the way it normally does, and you keep having to backtrack or clarify what you meant. Over the coming weeks, this friction in how you communicate may force you to slow down and actually listen to what others need to hear instead of just what feels natural to say.

♀ Venus ∟ Semi sextile ♆ natal Neptune

Over the coming weeks, you become **more open to what people need from you emotionally**, and you notice others respond better to you because of it. Your usual defenses soften just enough that you can listen without jumping to fix things, which makes conversations feel easier and more natural. This is a good time to deepen connections with people you care about, since you're genuinely present rather than distracted by your own concerns.

☿ Mercury Rx · ♒ Aquarius

Technical systems, digital communications, and group coordination hit unexpected friction during this period. Plans made with communities or organizations may need revision, and innovative ideas benefit from reconsideration before being shared. Logic that felt solid on paper often reveals gaps when tested right now.

☉ Sun ☌ Conjunction ♋ NNode

Right now you feel drawn toward activities and people that match who you actually are rather than who you think you should be. This creates a practical opportunity to make small choices that align better with your real interests and strengths. These days many people find themselves being more direct about what they want, which can clear the air in relationships and work situations.

☾ Moon ☐ Square ☿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

☾ Moon * Sextile ♀ Venus

Right now you find it easier to **express what you actually feel** without worrying what others will think. People around you respond well because you seem more genuine and relaxed than usual. This is a good period to have honest conversations or do something kind for someone close to you.

LUNAR DAY

Moon in ♏ Scorpio · Day 24 / 30 · Last Quarter

Psychological intensity rises for the next 48 hours, and surface-level talk becomes noticeably less satisfying. People read into what others leave unsaid more than usual, and private matters feel more pressing.
