KEY TRANSIT FACTORS

☾ Moon ☿ Opposition ☾ natal Moon

Right now you are likely to feel **emotionally restless and at odds with yourself**, as if your usual ways of managing stress are not working. You may snap at people you care about or withdraw when you normally would reach out, leaving you confused about what you actually want. Over the coming weeks, this mismatch between your instinctive needs and your current emotional state will push you to notice patterns you have been avoiding.

☿ Mercury ♌ Semi sextile ☾ natal Moon

Your thoughts become more **aligned with what you actually feel** right now, so conversations flow more naturally and people respond well to you. You find it easier to put emotions into words without overthinking, which makes social interactions feel less exhausting. This small shift makes everyday exchanges with friends and family go smoother than usual over the coming weeks.

♅ Uranus * Sextile ☾ natal Moon

These days you feel more willing to break your own routines and try things that normally make you uncomfortable, which often leads to pleasant surprises. You might suddenly want to rearrange your living space, change your sleep schedule, or suggest a spontaneous trip to someone close to you without overthinking it. This period brings an **openness to doing things differently** in your personal life, and people around you likely notice you seem lighter and more flexible than usual.

♄ Saturn * Sextile ♇ natal Pluto

You find it easier to **stick with difficult changes** right now without feeling overwhelmed by them. This period supports you in handling practical problems that need real commitment, like restructuring your finances or ending a relationship that no longer works. *Saturn* and *Pluto* are helping you make tough decisions with a clear head and then follow through without second-guessing yourself.

♃ Jupiter ☐ Square ☿ natal Mercury

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

☉ Sun ♁ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ☿ Conjunction ♿ Mercury

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

☉ Sun △ Trine ♃ Jupiter

Right now you feel **more confident about your abilities** and you're likely to take on tasks you've been putting off. People around you notice your optimism and it spreads, making conversations easier and collaborations feel lighter. This is a practical window where your effort tends to produce visible results, so taking action on something you care about usually pays off.

LUNAR DAY

Moon in ♋ Pisces · Day 18 / 30 · Full Moon

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.
