## KEY TRANSIT FACTORS

### ♀ Venus △ Trine ♂ natal Mars · peak 1 May ★

These days you find it easier to ask for what you want without coming across as aggressive or demanding. Your **natural confidence** is backed by genuine warmth, so people respond well when you take initiative in social or romantic situations. Over the coming weeks, this combination of directness and charm works in your favor, making it simpler to move forward on practical goals while keeping relationships smooth.

### ♄ Saturn ♂ Conjunction ♀ natal Mercury · peak 2 May

Right now your thinking feels slower and more deliberate than usual, and you're less likely to speak without considering the consequences first. You may find that conversations require more effort, and you're naturally filtering out unnecessary talk or commitments you can't keep. This period pushes you toward being more careful with your words and more realistic about what you actually know versus what you're guessing at.

### ♃ Jupiter □ Square ♀ natal Mercury · peak 18 May

Your mind is working faster than your mouth right now, and people find you hard to follow. You jump between ideas, interrupt conversations, and make promises you cannot keep because you are overestimating what you can handle. The gap between what you think you can do and what is actually realistic will create real problems at work or in your relationships over the coming weeks.

### ♁ NNode ♂ Opposition ♄ natal Saturn · peak 22 May

Right now you feel pulled between wanting to break free from old rules and fearing what happens if you do. Your instinct is to rebel against responsibilities that used to feel safe, but **anxiety about losing control or stability** keeps you stuck. Over the coming weeks, you'll notice yourself saying yes to obligations you actually want to refuse, then resenting people for holding you to them.

### ♁ NNode ♂ Conjunction ♆ natal Neptune · peak 27 May

These days you feel pulled toward people and situations that seem meaningful but are hard to pin down. You may find yourself **blending your own needs into other people's visions** without noticing it happening. While this lasts, pay attention to whether you are actually helping or just absorbing someone else's confusion as your own.

### ♄ Saturn ♁ Quincunx ♁ natal NNode · peak 27 May

Right now you feel caught between what you're naturally drawn to and what actually works in practice. You notice yourself second-guessing choices that normally feel easy, which creates an awkward gap between your instincts and your actions. This **mismatch between intention and follow-through** will fade once *Saturn* moves past this angle, but while it lasts you benefit from checking your decisions twice rather than trusting your first instinct.

### ♃ Jupiter ♂ Conjunction ♄ natal Chiron · peak 16 May

Over the coming weeks, you're likely to feel more **willing to talk about past hurts that usually stay private**. People around you may notice you're more open and less defensive when difficult topics come up. This period can actually help you move through some old emotional blocks because you're not fighting against them as hard as usual.

#### ♃ Jupiter \* Sextile ♃ natal NNode · peak 30 May

Over the coming weeks, you find it easier to say yes to opportunities that align with what you actually want to do. You're less hesitant about taking small steps toward goals you've been thinking about, and **people around you tend to be more supportive when you ask for help or feedback**. This isn't about luck—it's that you're acting with more confidence, and others respond to that.

#### ♄ Saturn ☐ Square ♄ natal Chiron · peak 1 May

Right now you are **more aware of your own limitations and past hurts**, which makes it harder to brush them off or move past them quickly. You may feel blocked when trying to help others or do work that normally feels meaningful, because old doubts about your capability are surfacing. Over the coming weeks, facing these uncomfortable feelings directly, rather than avoiding them, is what will actually move you forward.

#### ♄ Chiron ☐ Quincunx ♅ natal Pluto · peak 31 May

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

#### ♅ Pluto ☐ Square ☉ natal Sun · peak 31 May

You're feeling **unusually defensive about who you are** and what you believe in right now. People seem to be challenging your authority or questioning your choices in ways that sting more than usual, and you find yourself either backing down or pushing back harder than makes sense. Over the coming weeks, you'll need to watch whether you're holding your ground for real reasons or just because someone rattled you.

#### ♁ Uranus ∟ Semi sextile ♆ natal Neptune · peak 1 May

Your **imagination becomes more practical** during this period, letting you turn vague ideas into actual plans without losing the creative spark. You find yourself spotting small improvements in routines or systems that others miss, and these tweaks often work better than expected. This is a good time to experiment with new approaches to familiar problems because your intuition and logical mind are working together instead of pulling in different directions.

#### ♃ Jupiter ☽ Opposition ♁ natal Uranus · peak 1 May

Over the coming weeks, you're likely to feel **restless and impatient with rules or commitments that suddenly feel too tight**. You may make impulsive decisions about work, relationships, or finances that you'll regret once the initial excitement wears off. The practical cost of acting on every impulse right now is real, so slowing down before major changes will protect you from unnecessary damage.

#### ♆ Neptune \* Sextile ♁ natal Uranus · peak 31 May

Over the coming weeks, your **creative thinking becomes unusually practical** — you find ways to bring odd ideas into real projects instead of just imagining them. You're drawn to trying unconventional approaches to familiar problems, and right now people actually listen because your suggestions make sense. This is a good time to experiment with new methods at work or tackle a personal project you've been avoiding because it seemed too different.

#### ♄ Chiron ☐ Quincunx ♃ natal Jupiter · peak 31 May

Over the coming weeks, you notice a mismatch between what you want to believe about yourself and what actually works in your life. You find yourself **questioning your usual confidence** or having to adjust your plans when reality doesn't match your expectations. This gap between your hopes and the practical results you're getting will likely push you to make small changes to how you approach problems.

### PROGRESSED MOON

---

○ Progressed Moon in ♎ Libra 28.9° H4

Moving into House 4 this month (was in House 3)

### LUNATIONS

---

● New Moon · Sunday, 11 May

in ♉ Taurus

material foundations, slow build, stability

in H10 — Career & Reputation

A major new chapter in your professional life and public reputation is beginning. This lunation plants seeds around **career direction, achievements, and how you're perceived by the world**. Goals you set now and steps you take toward your ambitions have greater traction than usual. If you've been waiting for the right moment to make a career move, pursue recognition, or clarify your professional direction, this lunation gives it meaningful momentum.

---

○ Full Moon · Saturday, 24 May Eclipse

**in ♏ Scorpio**

hidden truths, emotional intensity, power shift

**in H4 — Home & Family**

Your home life and emotional foundations are under full illumination. A situation within the family or domestic sphere is reaching a point where **something must be acknowledged, resolved, or released**. Old patterns around belonging, security, or private matters surface with unusual clarity. This full moon often coincides with a change of residence, a family conversation that's been overdue, or a significant shift in how you feel about where you belong.

**KEY DATES**

---

**Thu, 1 May** ♄ Saturn ☐ Square ♆ natal Chiron

---

**Fri, 2 May** ♅ Uranus enters ♎ Libra

---

♄ Saturn ☌ Conjunction ♿ natal Mercury

*Uranus* in *Libra* brings **sudden shifts in how people handle relationships and partnerships**, with many noticing they either need more freedom or start questioning old agreements at work and home. Expect more **unusual or unconventional arrangements** — people swap traditional roles, try new ways of working together, or end situations that feel too rigid, and these changes often happen faster than anyone planned. At work and socially, **fairness and equal treatment** become non-negotiable, so outdated power dynamics tend to crack open and get rearranged during this transit.

**Sun, 4 May** ☿ Mercury enters ♊ Gemini

---

*Mercury* entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

**Sat, 10 May** ♀ Venus enters ♋ Cancer

---

*Venus* in *Cancer* makes people **more careful about who they let close**, and they often notice themselves wanting **deeper emotional connection** instead of surface-level interaction. In relationships and work, this shows up as spending more time with people who feel **safe and familiar**, while casual friendships might feel less interesting. Most people find themselves **expressing care through practical actions** — cooking, checking in, remembering details — rather than grand gestures or words.

**Sun, 11 May** New Moon in Taurus

---

**Mon, 12 May** ♄ Saturn ☌ Conjunction ♿ natal Mercury

---

**Fri, 16 May** ♃ Jupiter ☌ Conjunction ♆ natal Chiron

---

**Sun, 18 May** ♃ Jupiter ☐ Square ♿ natal Mercury

---

♁ NNnode ☌ Conjunction ♆ natal Neptune

♇ Pluto ☐ Square ☼ natal Sun

---

**Wed, 21 May** ♂ Mars enters ♈ Aries

---

*Mars* in *Aries* brings **directness and speed** to how people push for what they want, whether at work or in conversations. You'll notice people **act faster** on decisions and speak up more bluntly instead of holding back, which can get things done quickly but also create friction if someone feels steamrolled. In practical terms, this is when **competition heats up** — at the gym, in meetings, on projects — and people have less patience for delays or obstacles.

**Thu, 22 May** ☼ Sun enters ♊ Gemini

---

♁ NNnode ☌ Opposition ♄ natal Saturn

*Sun* in *Gemini* brings a **shift toward curiosity and talking things through** — you'll notice people asking more questions, starting conversations they'd normally skip, and wanting to understand how things work. At work and in relationships, **communication becomes easier and faster**, though the downside is that people scatter their attention across more projects and topics than they can actually finish. **Short trips, emails, and quick decision-making** pick up noticeably during this month, so if you've been putting off organizing your schedule or catching up with contacts, this is when that restless energy makes it feel natural.

**Sat, 24 May** Full Moon in Scorpio

---

**Tue, 27 May** ♁ NNnode ☌ Conjunction ♆ natal Neptune

---

**Fri, 30 May** ♿ Mercury stations Retrograde

---

♃ Jupiter \* Sextile ♁ natal NNnode

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most

people find themselves troubleshooting problems they thought were already solved.
