## KEY TRANSIT FACTORS

### ♃ Jupiter ☐ Square ☾ natal Moon · peak 19 Jan

Right now you feel **emotionally restless and dissatisfied** with situations that normally comfort you, like time with family or your home routine. You might overcommit yourself or make promises you cannot keep because your judgment about what you can actually handle is off. Over the coming weeks, this mismatch between what you want and what is realistic creates friction in your personal relationships and leaves you feeling bloated rather than nourished.

### ♅ Uranus △ Trine ♇ natal Pluto · peak 28 Jan

You find yourself **taking practical action on changes you've wanted to make** without getting stuck in overthinking or self-doubt. This period brings a natural confidence that old patterns no longer serve you, so you move forward with less resistance than usual. Over the coming weeks, you're more likely to follow through on those shifts you've been planning instead of just talking about them.

### ♄ Saturn ☌ Quincunx ♅ natal Uranus · peak 17 Jan

Right now you feel caught between wanting to stick to your usual routines and an urge to break free from them, which creates an awkward tension in practical decisions. You might find yourself **hesitating before making changes** that normally feel automatic, or feeling frustrated when rules or limitations interfere with your independence. This period pushes you to figure out a middle ground, though it won't feel comfortable while you're looking for it.

### ♃ Jupiter \* Sextile ♅ natal Uranus · peak 26 Jan

You feel more **willing to try new approaches** to problems that have stalled, and practical opportunities show up that wouldn't have occurred to you before. Your natural caution loosens just enough to let you act on ideas you'd normally dismiss as too risky or unconventional. Over the coming weeks, this openness pays off in concrete ways—whether that's a new connection, a different way of working, or simply discovering that change is less frightening than you thought.

### ♁ Lilith ♂ Conjunction ♄ natal Saturn · peak 12 Jan

Right now you are more aware of the rules and limits you have accepted in your life, and you may feel **resentful about obligations that once felt normal**. You are questioning whether certain responsibilities actually belong to you or whether you have been following someone else's expectations without thinking. These days this can show up as resistance to authority figures or a blunt honesty about what you will and will not do anymore.

### ♄ Saturn ☌ Opposition ☾ natal Moon · peak 4 Jan

These days you feel emotionally tired and less patient with people who depend on you, even though you know they need your support. Your automatic response is to withdraw or set stricter rules rather than explain what you actually need. This period pushes you to understand that your limits are real, but the way you communicate them right now tends to come across as cold or dismissive.

#### ♃ Jupiter ☿ Quincunx ☽ natal Sun · peak 6 Jan

Over the coming weeks, you feel pulled toward bigger plans or ambitions but find the timing awkward — what looks promising on paper doesn't fit smoothly into your actual life right now. You may **start projects with real enthusiasm only to realize they need reworking** once you see how they actually slot into your schedule or resources. This period asks you to adjust your expectations rather than push forward unchanged, and that kind of practical recalibration takes patience.

#### ♅ Uranus \* Sextile ♃ natal Jupiter · peak 31 Jan

These days you're spotting opportunities that other people miss, and you have the confidence to act on them without overthinking. You feel **more willing to take calculated risks** in practical matters like work or finances, and things that seemed impossible a few weeks ago suddenly feel doable. This is a good time to pitch ideas, pursue opportunities you've been curious about, or make changes that align better with what you actually want.

#### ♇ Pluto ☿ Conjunction ♃ natal Neptune · peak 31 Jan

You may find yourself **questioning beliefs or systems you've relied on** right now, as your usual sense of certainty starts to feel thin. What used to comfort you — a routine, a relationship dynamic, a way of thinking — can suddenly look hollow or false from your perspective. This confusion is uncomfortable but honest, and it typically clears once *Pluto* moves past your *Neptune*.

#### ♄ Chiron ☿ Conjunction ♇ natal Pluto · peak 10 Jan

Right now you are more aware of where you feel powerless in your life, and this clarity can actually help you make practical changes. You might notice old patterns of control or manipulation in your relationships more easily, which means you can address them directly instead of ignoring them. Over these coming weeks, **you're less likely to accept things the way they've always been**, and that pushes you toward real conversations or decisions you've been avoiding.

#### ♁ NNode ∟ Semi sextile ♅ natal Uranus · peak 31 Jan

Over the coming weeks, you find it easier to **try new things without overthinking them**, and people around you seem to notice your willingness to experiment. Your practical side stays intact while your curiosity pushes you to take small risks in familiar areas like work routines or social habits. This is a good time to test out ideas you've been sitting on, because you have just enough caution mixed in with your adventurous streak to actually make something of them.

#### ♇ Pluto ☿ Opposition ♄ natal Saturn · peak 31 Jan

You're running into **hard limits on what you can control** right now, and it feels frustrating because the rules keep changing. Your usual strategies for staying organized and on top of things stop working, forcing you to admit where you've been rigid or out of touch with reality. Over the coming weeks, this friction between what you thought was solid and what's actually true will push you to rebuild your approach to work, responsibility, and how you manage your time.

#### ♄ Chiron \* Sextile ♃ natal Jupiter · peak 10 Jan

You find it easier right now to talk about past disappointments without getting stuck in them. Your natural ability to look forward and find the practical lesson in what went wrong is stronger than usual. Over the coming weeks, this becomes a genuine resource—you can help others see their setbacks as useful information rather than permanent failures.

#### ♃ Neptune ∟ Semi sextile ☿ natal Mars · peak 1 Jan

Right now your usual drive to act is softened by a gentler, more intuitive approach to what you want. You find yourself **listening to your gut before charging ahead**, which actually helps you avoid wasted effort and see better options. Over the coming weeks, this combination of *Neptune* and *Mars* lets you pursue your goals with less force and more imagination, making your efforts feel easier even when you're working hard.

#### ♇ Pluto ☿ Conjunction ♃ natal Jupiter · peak 1 Jan

You're experiencing a **pull toward bigger goals and riskier decisions** right now, as if your usual caution has lifted. You might pursue opportunities or make commitments that feel exciting but also require real resources or long-term responsibility. Over the coming weeks, watch whether you're expanding into something genuinely valuable or simply overextending yourself because the moment feels urgent.

## LUNATIONS

---

● New Moon · Sunday, 1 Jan

in ♄ Capricorn

long-term goals, ambition, structural reset

in H6 — Health & Service

Your daily routines and health habits are ready for a reset. This lunation opens a new cycle around **work, service, and physical wellbeing** — an ideal moment to start a new diet, organize your work environment, or establish habits that will support your energy long-term. Small, consistent changes begun now will compound into significant improvements. Pay attention to your body's signals and don't dismiss minor issues before they develop further.

○ Full Moon · Monday, 16 Jan

in ♋ **Cancer**

emotional culmination, family matters, inner needs surface

in H1 — **Self & Identity**

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

**KEY DATES**

**Sun, 1 Jan** New Moon in Capricorn

♄ Chiron ♂ Conjunction ♅ natal Pluto

**Tue, 3 Jan** ♂ Mars stations Retrograde

♀ Lilith enters ♊ Gemini

*Mars* stationing retrograde often brings **delays and restarts** in projects, work deadlines, and physical activities—things that felt urgent suddenly move slower or need reworking. People commonly notice they feel less pushy, more willing to **reconsider decisions** they made before, and sometimes **old conflicts or rivalries** come back up that need settling. In practical terms, this is a good time to **revise plans** rather than launch new ones, fix broken equipment, and handle any pending arguments you've been avoiding.

**Wed, 4 Jan** ♄ Saturn ♂ Opposition ♀ natal Moon

**Sat, 7 Jan** ♀ Mercury enters ♒ Aquarius

*Mercury* in *Aquarius* brings **clearer, more direct communication** — people tend to say what they actually think instead of softening their words, which works well in meetings but can feel blunt in casual conversations. At work and in friendships, you'll notice **more focus on logic and ideas** rather than emotions, making this a good time for problem-solving but a trickier period if someone needs emotional support. *Aquarius* also pushes thinking toward the **bigger picture**, so conversations shift from daily complaints to plans, systems, and what-if scenarios that feel more interesting but less immediately practical.

**Sun, 8 Jan** ♀ Venus enters ♐ Sagittarius

*Venus* in *Sagittarius* brings a **looser, more generous** approach to spending and dating, with people tending to say yes to invitations and expensive outings rather than staying home. In relationships and work, this transit makes **honesty and directness** feel more important than keeping the peace, so conversations become blunter and less filtered. Most people notice they **want variety** — sticking with the same restaurant, routine, or person feels boring — and they're more willing to try something unfamiliar or travel to a new place.

**Tue, 10 Jan** ♄ Chiron stations Retrograde

♄ Chiron ♂ Conjunction ♅ natal Pluto

*Chiron* stationing retrograde tends to bring **old wounds or insecurities back into focus**, making you notice patterns you thought you'd moved past—in relationships, work, or how you handle rejection. During this period, **progress on healing or learning slows down**, and you may find yourself revisiting past failures or setbacks rather than moving forward with new skills or confidence. In practical terms, this is a good time to **review what didn't work before** and adjust your approach, though expect frustration if you're trying to push ahead quickly.

**Thu, 12 Jan** ♀ Lilith ♂ Conjunction ♄ natal Saturn

**Sun, 15 Jan** ♄ Uranus ♊ Trine ♅ natal Pluto

**Mon, 16 Jan** Full Moon in Cancer

**Tue, 17 Jan** ♅ Pluto enters ♐ Sagittarius

*Pluto* in *Sagittarius* brings a **shift in what people believe and teach** — old rules get questioned, industries tied to information and education face upheaval, and you may find yourself **ditching outdated advice** that never really worked. In relationships and work, expect **deeper honesty about values**; people become less willing to fake agreement just to keep the peace, and conversations that stayed surface-level before now **dig into real disagreements**. The pattern is that **rigid certainty collapses** over this 20-year cycle — religions, political movements, publishing, travel, and higher education all experience pressure to transform or die out.

**Thu, 19 Jan** ♃ Jupiter ☐ Square ♀ natal Moon

**Sat, 21 Jan** ☉ Sun enters ♒ Aquarius

*Sun* in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.

**Sun, 22 Jan** ♅ Pluto ♂ Conjunction ♆ natal Neptune

**Mon, 23 Jan** ♂ Mars enters ♌ Leo

*Mars* in *Leo* brings **direct, confident action** that people around you will notice right away — you speak up more often, take charge in meetings, and stop waiting for permission to try things. In relationships and at work, this transit **increases competition** and **ego clashes**, so you may find yourself arguing more or wanting credit for what you do. The practical shift is that you'll have real **energy and drive** to finish projects and take risks, but you'll also feel less patient with people who move slowly or don't acknowledge your effort.

**Thu, 26 Jan** ☿ Mercury stations Retrograde

♃ Jupiter \* Sextile ☽ natal Uranus

When *Mercury* stations retrograde, **communication breakdowns and misunderstandings** become noticeably more common in daily life. Emails get lost, conversations get tangled, and people often need to **repeat themselves or clarify** what they meant the first time around. Travel plans, contracts, and tech devices tend to **glitch or require fixes**, so most people find themselves troubleshooting problems they thought were already solved.
