KEY TRANSIT FACTORS

♁ NNode ∠ Semi sextile ♂ natal Mars · peak 14 Jan

Over the coming weeks, you find yourself **more willing to take small risks and speak up for what you want**. People around you seem to respond better to your directness, and you notice you're not second-guessing yourself as much. This is a natural window where your practical confidence gets a gentle push forward, making it easier to pursue goals you've been putting off.

♃ Jupiter qx Quincunx ♇ natal Pluto · peak 4 Jan

Over the coming weeks, you may feel **restless with situations you thought were settled**, wanting to change things that previously felt stable or important to you. Your confidence in what you control grows, but it doesn't match up neatly with what's actually possible right now, leaving you frustrated. These misalignments between what you want to reorganize and what the real world allows are the main friction you'll notice while *Jupiter* stays at odds with your *Pluto*.

♃ Jupiter □ Square ♆ natal Neptune · peak 21 Jan

Right now you are **overestimating what you can achieve** and making promises you cannot keep. Your optimism is running ahead of reality, and you may find yourself committed to projects or goals that are actually beyond your practical reach. Over the coming weeks, disappointment will follow when you realize the gap between what you imagined and what is actually possible.

♃ Jupiter □ Square ♃ natal Jupiter · peak 7 Jan

Right now you're caught between wanting to expand too fast and hitting real practical limits. You overestimate what you can handle, say yes to too much, and then feel frustrated when reality doesn't cooperate with your plans. These friction points are teaching you where your actual resources end, but the lesson feels annoying rather than helpful **while it lasts**.

♃ Jupiter □ Square ♄ natal Saturn · peak 23 Jan

Right now you're caught between wanting to expand and feeling held back by practical limits. You may **overcommit yourself** and then run into real obstacles that force you to cut back, leaving you frustrated. These next weeks will test whether you can push forward responsibly or if you'll waste energy fighting against real constraints.

♁ NNode qx Quincunx ♀ natal Venus · peak 31 Jan

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

♄ Saturn ☐ Square ☉ natal Sun · peak 13 Jan

Right now you feel less confident than usual and more aware of your limits. Your **self-doubt shows up in real ways** — you hesitate before speaking up, you second-guess decisions you would normally make quickly, and you notice people responding to this hesitation by taking the lead instead. This period asks you to do practical work on your confidence, not by ignoring the doubts but by acting despite them.

♄ Saturn ☿ Conjunction ♁ natal Lilith · peak 31 Jan

While this lasts, you become much more aware of the rules you've been breaking or ignoring, and you feel pressure to either follow them or admit you won't. You experience **reluctance to pretend anymore**—social expectations that never bothered you before suddenly feel heavy and false. Over the coming weeks, you'll likely make a choice about which boundaries you actually respect and which ones you're ready to stop hiding behind.

♆ Neptune ☿ Quincunx ♅ natal Pluto · peak 31 Jan

Over the coming weeks, you may notice that **your usual methods for handling difficult situations stop working quite the way they used to**. You might feel unsure about how much control you actually have in situations that once seemed straightforward, and old strategies for dealing with pressure start to feel off somehow. This is a practical adjustment period where you'll need to experiment with different approaches rather than pushing harder with the ones you know.

♅ Pluto ☿ Opposition ☉ natal Sun · peak 31 Jan

Right now you feel like people are questioning your authority or pushing back against decisions you would normally make without hesitation. You may find yourself **defensive about who you are**, or noticing that your usual confidence in your own judgment has become shaky. Over the coming weeks, situations at work or in relationships will force you to examine whether you are actually as much in control as you thought you were.

♄ Chiron ☿ Quincunx ♅ natal Pluto · peak 31 Jan

You feel pulled between wanting to fix something about yourself and realizing you can't force the change right now. This mismatch shows up as **restlessness in situations where you normally feel in control**, whether at work or in close relationships. Over the coming weeks, the discomfort itself is actually useful—it's pointing you toward a part of your life that needs a different approach than you've been taking.

♆ Neptune ☐ Square ♃ natal Jupiter · peak 31 Jan

Right now you are **overestimating what you can achieve** and making commitments based on wishful thinking instead of realistic assessment. Your usual confidence in your plans is being clouded by *Neptune*, so promises you make or goals you set are likely to fall apart once you try to execute them. Over the coming weeks, expect practical disappointment and the need to scale back or rebuild what you've rashly agreed to.

♅ Uranus ∟ Semi sextile ☿ natal Mars · peak 1 Jan

You're noticing small windows of **creative restlessness** that actually help you break old habits without major disruption. *Uranus* is gently nudging your *Mars* energy sideways, so instead of forcing big changes, you find yourself naturally trying different approaches to familiar problems. Over the coming weeks, you'll discover that your usual way of doing things has room for improvement, and you're willing to experiment in ways that feel refreshing rather than risky.

♅ Pluto ☿ Quincunx ♄ natal Saturn · peak 1 Jan

These days you feel caught between wanting to keep things stable and being pushed to question whether your usual routines actually work anymore. You might find yourself **rewriting rules you've lived by** or suddenly seeing flaws in systems you've trusted, which creates practical awkwardness as you adjust. Over the coming weeks, this friction between your need for control and pressure to change will likely settle once you accept that some old structures need to be rebuilt differently.

♄ Chiron ☿ Conjunction ☿ natal Mars · peak 1 Jan

Right now you're noticing where you push too hard or hold back too much when you act. You might feel frustrated with yourself for either charging ahead without thinking or for being too cautious, and this **self-awareness about your own aggression** is temporary but useful. Over the coming weeks, pay attention to how you actually handle conflict or physical effort instead of assuming you know what you'll do.

☿ Mercury Rx · ♄ Capricorn

Professional communications and career-related decisions are prone to misalignment right now. Contracts, applications, or plans that seemed finalized may need revisiting before they are acted on. The careful checking you do now prevents public errors later.

☿ Mars Rx · ♌ Leo

The desire for recognition and creative output is present but blocked or redirected during this period. Ambitions that felt exciting may feel suddenly hollow, or effortful performance yields less response than expected. Reassessing your goals is more honest and productive now than seeking visible results.

Something significant about your identity and self-presentation is coming to a head. A situation that has been developing is now reaching a **turning point involving your confidence, independence, or personal direction**. Others see you clearly now — which can bring recognition but also reveals whatever you've been projecting unconsciously. Decisions made at this peak about how you want to show up in the world will carry lasting weight. Your personal needs deserve to come first.

● New Moon · Friday, 15 Jan Eclipse

in ♑ Capricorn

long-term goals, ambition, structural reset

in H7 — Partnerships

A significant new chapter in your one-on-one relationships is beginning. Whether in **romantic partnership, business collaboration, or important agreements**, this lunation plants seeds that will mature over the next six months. The people you meet or commit to now carry lasting significance. If you've been considering a serious conversation with a partner or are ready to formalize a collaboration, this is the most supportive moment to take that step.

KEY DATES

Fri, 1 Jan Full Moon in Cancer

Thu, 7 Jan ♃ Jupiter ☐ Square ♃ natal Jupiter

Thu, 14 Jan ♄ Saturn stations Retrograde

Saturn stationing retrograde means **delays and reviews become the pattern** for the next few months in work, responsibilities, and long-term plans. When this planet appears to move backward, people commonly experience **slowdowns in projects, contracts, or official processes** — deadlines shift, approvals take longer, and progress feels stuck even when you're putting in effort. The practical shift is to **focus on fixing past mistakes** and tightening up weak spots in your systems rather than pushing hard for new starts during this time.

Fri, 15 Jan New Moon in Capricorn

Sat, 16 Jan ☿ Mercury stations Direct

Mercury stationing direct means **conversations and decisions that felt stuck** will start moving again, and you'll notice **clarity returning** to emails, plans, and talks that were confusing before. At work and in daily life, **miscommunications often resolve themselves** once this station passes, and people tend to follow through on things they'd postponed. Over the next few days, **information you've been waiting for** usually arrives, and you'll feel ready to **commit to choices** you'd been sitting on.

Mon, 18 Jan ♃ Jupiter enters ♋ Pisces

Jupiter entering *Pisces* makes people more **generous with time and money**, often without calculating whether they can afford it. At work and in relationships, you'll notice more **willingness to help**, but also more scattered focus—deadlines slip because someone needed listening to instead. Over the next year, **luck tends to favor** situations involving creativity, healthcare, counseling, or anything behind-the-scenes rather than public-facing roles.

Tue, 19 Jan ♀ Venus enters ♒ Aquarius

Venus in *Aquarius* makes people **less interested in traditional relationship rules** and more drawn to friends, group settings, or unconventional arrangements. In practice, you might notice yourself **valuing independence and honesty** over romantic gestures, or finding that casual friendships suddenly feel more appealing than intense one-on-one bonds. At work and in daily life, this transit brings a **cooler, more detached approach** to money and socialising—you'll likely spend less on impulsive buys and prefer people who let you do your own thing.

Wed, 20 Jan ☼ Sun enters ♒ Aquarius

Sun in *Aquarius* brings a **shift toward independence** and a stronger need to do things your own way instead of following the usual pattern. At work and in conversations, you'll **notice people speak up more** about ideas that feel different or go against what everyone expects. In relationships and friendships, **distance often increases** slightly as people pull back to focus on their own projects and interests rather than staying close to the group.
