## KEY TRANSIT FACTORS

### ☾ Moon □ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

### ♃ Jupiter ∟ Semi sextile ♊ natal NNode

Over the coming weeks, you find yourself **naturally gravitating toward people and situations that align with what you actually want**. Small opportunities appear that feel less forced than usual, and you notice you say yes to invitations or ideas without overthinking them. This isn't luck so much as you being more willing to take a chance on something that feels right, even if you can't fully explain why.

### ♃ Jupiter ∟ Semi sextile ♂ natal Mars

Over the coming weeks, you'll notice yourself **taking action on plans you've been sitting on** without the usual self-doubt. You feel more confident when you push forward on practical tasks, and small wins come easier than usual. This is a good time to start that project or have conversations you've been putting off, because your natural momentum is working in your favour right now.

### ♆ Neptune \* Sextile ♊ natal NNode

Over the coming weeks, you find it easier to **trust your instincts about what matters to you**, and this makes decisions about your direction feel less forced. People around you respond well to your openness right now, and conversations naturally turn toward what you actually care about rather than what you think you should want. This is a good time to explore interests that have been calling to you quietly, because your imagination and your sense of purpose are working together instead of pulling in different directions.

### ♆ Neptune ♂ Conjunction ♂ natal Mars

Right now your usual drive and confidence are harder to access—you feel less certain about what you want and how to get it. You may find yourself avoiding decisions or commitments because the practical steps feel unclear, or you might pursue something half-heartedly without your normal push. This fuzziness will fade as *Neptune* moves on, but for now it helps to stick to routines and check your plans with someone you trust before acting.

### ☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun △ Trine ♁ NNode

Right now you find it easier to **do what actually suits you** instead of what you think you should do. People around you notice you seem more confident in small choices, like speaking up in meetings or trying something new without overthinking it. This period supports you in building habits and friendships that feel genuinely right for your life.

☾ Moon ☿ Opposition ♀ Venus

At the moment, you feel disconnected from what usually makes you happy, and this can push you toward picking fights or withdrawing from people you care about. Your emotional needs and what others want from you are pulling in opposite directions, so small frustrations in relationships tend to blow up. This friction is real—use it to notice where you are actually unhappy rather than blaming the other person.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence
