## KEY DATE

### ♁ Lilith enters ♋ Cancer

*Lilith* in *Cancer* makes people **more protective of their space and boundaries**, especially at home or in close relationships — you'll notice yourself saying no more often or keeping distance from people who drain your energy. At work and in families, this transit brings up **unspoken resentment about care duties**, as people become aware they've been giving too much without getting support back. *Cancer's* influence means these tensions often show up through **withdrawn behaviour or quiet anger** rather than direct conversation, so naming what you actually need becomes the practical move forward.

## KEY TRANSIT FACTORS

### ♁ NNode \* Sextile ♇ natal Pluto

These days you find it easier to notice what you actually want to change about yourself, and you have the practical confidence to start making those changes without overthinking them. You're **more willing to act on uncomfortable truths** about your habits or patterns instead of avoiding them. This period supports real psychological shifts because you can see your own resistance clearly and work through it without getting stuck in self-doubt.

### ♁ NNode Δ Trine ♆ natal Neptune

While this lasts, you find it easier to **trust your instincts** about people and situations without needing to analyze everything. Your imagination becomes more practical during these weeks, letting you spot creative solutions in ordinary problems at work or home. You naturally connect with what others need from you emotionally, so your relationships feel less strained and your social interactions run smoother than usual.

### ♃ Jupiter ♂ Conjunction ☉ natal Sun

You feel more confident in social situations and willing to take on bigger responsibilities at work or home. People tend to respond well to you right now, and you're less likely to doubt yourself before speaking up. Over the coming weeks, you might find yourself saying yes to opportunities you would normally hesitate about.

### ♃ Jupiter ♂ Conjunction ☿ natal Mercury

You're thinking more expansively right now and your mind feels faster than usual. You're likely talking more, asking bigger questions, and finding it easier to explain your ideas to others. This is a good window to pitch a proposal, write something you've been putting off, or have conversations you've been avoiding because your confidence in what you're saying is genuinely higher.

### ♄ Saturn □ Square ♂ natal Mars

Right now you're running into delays and resistance whenever you try to push forward on anything. Your usual speed and confidence feel blocked, and you may notice **frustration building because things take twice as long as you expect**. This period is teaching you that forcing your way through doesn't work, though that lesson feels uncomfortable while you're living it.

☉ Sun △ Trine ☾ Moon

These days you find it easier to know what you actually want and to ask for it without overthinking. Your emotional reactions line up with your real goals, so you move forward without fighting yourself. This is a good time to make decisions or have conversations because you sound genuine and people respond well to that.

☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

**The social atmosphere becomes more expressive** these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
