KEY TRANSIT FACTORS

♁ Chiron △ Trine ☉ natal Sun ★

Over the coming weeks, you find it easier to **talk about your past struggles without shame**, and people respond by listening instead of judging. Your confidence in handling difficult conversations improves naturally, and you notice you can help others through their problems without getting stuck in them yourself. This period gives you a practical window to work through something that has bothered you for a while, and your clarity right now makes the work feel less heavy.

♁ NNode qx Quincunx ♀ natal Venus

Right now you're noticing a mismatch between what you want in relationships and what actually feels right for you. You might say yes to social invitations or romantic gestures while feeling oddly disconnected from them at the same time. Over the coming weeks, pay attention to what your gut is telling you about your connections, because your head and heart aren't quite lined up.

☿ Mercury ∟ Semi sextile ☾ natal Moon

Your thoughts become more **aligned with what you actually feel** right now, so conversations flow more naturally and people respond well to you. You find it easier to put emotions into words without overthinking, which makes social interactions feel less exhausting. This small shift makes everyday exchanges with friends and family go smoother than usual over the coming weeks.

♂ Mars qx Quincunx ♃ natal Jupiter

Over the coming weeks, you're likely to feel **restless about your own plans and impatient with delays**, even when things are actually moving forward. *Mars* is pushing you to act faster while *Jupiter* keeps pulling toward bigger thinking, so you end up frustrated that progress isn't matching your drive. The practical fix is to break large goals into smaller actions you can complete right now instead of waiting for the perfect moment.

♂ Mars □ Square ♁ natal Chiron

You're more irritable than usual right now, especially when someone points out a mistake or limitation of yours. **You push back harder and faster than normal**, defending yourself before you've even thought it through. Over the coming weeks, this defensive reaction will show you exactly where you're still tender about your own abilities or past failures.

☿ Mercury Rx · ♈ Aries

Communication gets impulsive and then regretted during this period. You may speak before thinking, send messages in haste, or make decisions based on incomplete information. Revisiting plans rather than rushing forward is more productive than it feels right now.

♄ Saturn Rx · ♏ Scorpio

Deep psychological structures — the ways you manage power, control, and shared resources — are under quiet but significant review right now. Commitments made at depth, financial obligations, or emotional contracts with others demand careful attention. Unacknowledged patterns of control or avoidance are being surfaced for honest examination.

☉ Sun * Sextile ♂ Mars

Right now you find it easier to **take action on things you actually want** instead of sitting with them in your head. Your motivation and your confidence are aligned, so when you decide to do something, your body follows without the usual resistance. This is a practical window for starting projects, having difficult conversations, or pushing through work that needs momentum.

☾ Moon ∟ Semi sextile ♇ Pluto

These days you notice small shifts in what bothers you, and you have the **clarity to let go of old resentments without drama**. Your emotional reactions feel less intense, which means you can actually talk about difficult things without things blowing up. This is a practical window where your feelings and your ability to see what needs to change work together smoothly.

☿ Mercury □ Square ♇ Pluto

Right now your thoughts keep turning to worst-case scenarios and things people said that bothered you. You find yourself **replaying conversations obsessively**, picking apart what others meant and suspecting hidden motives behind their words. This mental intensity can make you feel paranoid or defensive, which often comes across as aggressive when you try to explain yourself to someone.

LUNAR DAY

Moon in ♌ Leo · Day 11 / 30 · First Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
