## KEY TRANSIT FACTORS

### ♀ Venus \* Sextile ♀ natal Venus

You feel more **at ease in social situations** right now, and other people pick up on this relaxed confidence. Your conversations flow more naturally, and you find yourself saying yes to invitations you might normally skip. This is a good window to deepen friendships, start something romantic, or simply enjoy being around the people you care about without the usual self-doubt.

### ☾ Moon ∠ Semi sextile ♂ natal Mars

You're feeling **quietly more decisive** these days, and small tasks that usually feel tedious become easier to start. Your emotional state and your drive are working together instead of against each other, so you follow through on what matters without the usual inner resistance. This gentle alignment between *Moon* and *Mars* gives you just enough momentum to turn intentions into action over the coming weeks.

### ☾ Moon □ Square ♊ natal NNode

Right now you feel caught between what you want emotionally and what you know you should be doing with your time. You become **restless and impatient** with routines or commitments that once felt important, which makes it hard to focus on practical tasks. Over the coming weeks, expect friction between your immediate feelings and your longer-term direction until this lunar moment passes.

### ☉ Sun \* Sextile ♀ natal Venus

Right now you find it much easier to **express affection and say what you appreciate about people** in your life. Your social interactions feel smoother because you're naturally more relaxed and genuine instead of guarded. Over the coming weeks, others respond well to this openness, and relationships often deepen without you having to work hard at it.

### ♆ Neptune △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about your past hurts without getting stuck in them. People seem to open up to you more readily because you listen without judgment or trying to fix things. Your **natural compassion** is flowing right now, making this a good time to help others or work through your own emotional wounds with a professional.

### ☉ Sun ∠ Semi sextile ♃ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

### ☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

### ☉ Sun ☿ Quincunx ♃ Pluto

Right now you might feel **out of step with your own needs**, as if what you want and what's actually happening don't quite match up. You notice yourself making small adjustments to stay in control of a situation, only to realize those tweaks aren't really working. This mismatch between your intentions and real results can leave you feeling frustrated until you accept that some things need to shift more completely than you planned.

### LUNAR DAY

Moon in ♋ Cancer · Day 12 / 30 · Waxing Gibbous

Sensitivity to tone and atmosphere runs higher than usual over the next 48 hours, making small remarks feel more significant than intended. **The draw toward home, familiar food, and trusted people** dominates most decisions.
