KEY TRANSIT FACTORS

☿ Mercury ☌ Opposition ♇ natal Pluto

Right now you're likely to say things that feel urgent and important but come across as harsh or controlling to others. You may notice yourself pushing conversations toward uncomfortable truths or **interrogating people about their motives** in ways that feel justified to you but leave them feeling attacked. These days, your words have a sharp edge, and backing down or softening what you've said feels impossible until this transit passes.

♀ Venus ☌ Conjunction ♁ natal Lilith

Right now you're more willing to say no to things that don't fit who you are, and people around you notice the shift in your confidence. **You're drawing boundaries without apologizing**, and this feels genuinely good rather than defensive. This period shows you that being direct about your needs doesn't have to damage your relationships.

☿ Mercury △ Trine ♆ natal Neptune

Your mind is unusually clear about things you normally find confusing, and you can explain your thoughts in ways people actually understand right now. **You pick up on what others mean without needing them to spell it out**, which makes conversations feel easier and more connected. These days your intuition about people and situations is reliable, so trust what you're sensing when it comes to making decisions.

♂ Mars △ Trine ♀ natal Venus

Right now you find it much easier to **ask for what you want** without feeling guilty or defensive about it. Your social confidence is naturally higher, and people respond well to the directness and warmth you're putting out. Over these coming weeks, you might notice yourself saying yes to invitations or making plans you'd normally hesitate about, and things tend to go smoothly when you do.

☉ Sun ☌ Quincunx ♊ natal NNode

Right now you feel **pulled in two different directions** about what you want to do with your time and energy. Part of you wants to keep doing what's familiar, but another part senses you should be moving toward something new. This awkward feeling usually passes in a couple of weeks, but while it lasts you may second-guess decisions or feel restless about the direction you're heading.

☉ Sun ∟ Semi sextile ☿ Mercury

These days you find it easier to **say what you actually think** without overcomplicating things or getting stuck in your own head. Your mind and sense of purpose line up naturally, so explaining yourself to others feels straightforward rather than exhausting. This is a good window for conversations, presentations, or decisions where you need to be both clear and confident about what matters to you.

☉ Sun □ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☾ Moon * Sextile ♄ Saturn

These days you find it easier to **stick to what matters** and ignore what doesn't. Your emotional reactions are quieter and more measured, which means you can actually listen to people instead of just reacting. This period gives you the practical steadiness to follow through on commitments without needing constant reassurance.

LUNAR DAY

Moon in ♈ Aries · Day 27 / 30 · Waning Crescent
