KEY TRANSIT FACTORS

☾ Moon △ Trine ☿ natal Mercury

These days your **thoughts come through more naturally when you speak**, and people listen without interrupting you as much. Your mind feels less tangled, so you can explain what you actually mean instead of getting frustrated halfway through. This is a good window to have conversations you've been putting off, since you'll find the right words without forcing them.

☾ Moon △ Trine ☉ natal Sun

You feel **naturally confident about who you are** right now, which makes it easier to be yourself around others without second-guessing. People respond better to you because you're not defensive or apologetic, and that openness tends to smooth over small conflicts before they start. This emotional ease won't last forever, so use these weeks to handle conversations or decisions you've been putting off—your calm clarity makes real progress possible.

☾ Moon ♄ Conjunction ♄ natal Saturn

These days you are more aware of what you actually need rather than what you think you should want. You feel **realistic and serious about your responsibilities**, and you are less likely to act on impulse or emotional whim. This clarity can feel heavy at first, but it often pushes you to make practical decisions you have been avoiding.

♄ Saturn ♁ Opposition ♄ natal Mars

Right now you're running into real resistance whenever you try to push forward with your plans. Your usual drive feels blocked or slowed down, and what normally comes easily now requires twice the effort and planning. **You're learning that not everything can be forced**, and this frustration is the teacher—but it's an uncomfortable lesson that lasts weeks.

♄ Saturn △ Trine ♁ natal NNode

Over the coming weeks, you find it easier to **follow through on decisions that matter to you** without second-guessing or getting distracted. *Saturn* trine your *North Node* gives you a practical calm that lets you build on what you've already started, one step at a time. People around you notice you're more reliable right now, and that steadiness actually opens doors instead of closing them.

☿ Mercury Rx · ♐ Sagittarius

Plans for travel, education, or big-picture goals hit unexpected snags right now. Opinions expressed with too much confidence may need to be walked back, and long-distance communications often get garbled. This is a better period for reviewing beliefs than for broadcasting them.

☾ Moon □ Square ☿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

› Moon ☐ Square ♄ Chiron

Right now you feel **emotionally raw about old hurts** that you thought were settled, and small rejections hit much harder than they should. You might snap at someone over something minor, or withdraw from people because you expect them to let you down anyway. This feeling usually passes in a day or two, but while it lasts, your emotional skin is thinner and your trust in others takes a real hit.

♃ Mercury ∟ Semi sextile ♀ Venus

These days you find it easier to say what you actually think without hurting people's feelings. Your words come out softer and more **considerate** than usual, which makes conversations feel more natural and pleasant. This is a good time to have difficult talks or ask for something you want, because people are more likely to listen and respond well.

LUNAR DAY

Moon in ♌ Leo · Day 24 / 30 · Last Quarter

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.

CLOTHING & JEWELRY

Saturday · ♄ Saturn · Venus in Sagittarius

Saturday is Saturn's domain — dark violet, charcoal, or deep plum reflect discipline and depth. Obsidian or onyx as a grounding stone supports structure and focus.
