KEY DATE

☿ Mercury enters ♐ Sagittarius

Mercury in *Sagittarius* brings **direct, blunt communication** — people say what they think without much filtering, which can clear the air or create awkward moments depending on who's listening. At work and in conversations, you'll notice **big-picture talk** taking over, with less patience for small details or nitpicking, so getting agreements in writing becomes more important. *Sagittarius* also pushes curiosity and debate, so **arguments stay friendly** longer than usual, even when people disagree strongly.

KEY TRANSIT FACTORS

☉ Sun ☌ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♁ Chiron ☌ Opposition ♀ natal Venus

You are noticing flaws in people you care about that you usually overlook, and it makes you question whether the relationship is worth the effort. **Your affection feels conditional right now**, and you may withdraw or become critical without meaning to. Over the coming weeks, this friction is forcing you to decide what you actually need from the people in your life instead of just going along with things.

☿ Mercury ☐ Square ♄ natal Saturn

Your thinking feels slower and more critical right now, as if your mind is working against you instead of for you. You second-guess yourself constantly, rewrite emails before sending them, and **struggle to say what you actually mean**. These delays and self-doubt can make practical tasks like paperwork, contracts, or explaining yourself to others feel exhausting and unnecessarily hard over the coming weeks.

☾ Moon ★ Sextile ♀ natal Venus

While this lasts, you find it easier to express affection and say what you actually appreciate about people in your life. Your **warmth comes across naturally**, and others respond well to you without you having to try hard. These days are good ones to reach out to someone you care about or do something kind that you have been putting off.

☉ Sun ☌ Semi sextile ☉ natal Sun

You're finding it easier to **speak up about what matters to you** without the usual doubt holding you back. People around you respond well to this quieter confidence, and small wins follow naturally. This supportive influence from *Sun* semi-sextile your natal *Sun* lasts a few weeks and gives you a gentle boost in recognizing your own value.

☿ Mercury ☿ Quincunx ♃ natal Jupiter

Over the coming weeks, you may notice your thinking and your bigger plans don't quite line up. You have ideas that feel promising but also vague, and when you try to act on them you hit practical snags that weren't obvious at first. **You're prone to overestimating what you can actually pull off**, so slowing down to check the details before you commit will save you frustration.

☉ Sun ☾ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

☉ Sun △ Trine ♇ Pluto

These days you find it easier to **face difficult truths about yourself without falling apart**. You can look at your mistakes and weaknesses directly, then decide what to actually change instead of avoiding the problem. This psychological clarity helps you make real improvements in how you work, relate to others, or handle money.

LUNAR DAY

Moon in ♒ Aquarius · Day 7 / 30 · Waxing Crescent

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
