KEY DATE

♀ Venus enters ♈ Aries

Venus in *Aries* tends to make people more **direct about what they want**, especially in relationships and social situations where they'd normally hold back. You might notice yourself **speaking up sooner** instead of waiting or overthinking, and others responding to that straightforward approach. At work and in friendships, this transit often brings **faster decisions** and less time spent on small talk or people-pleasing.

KEY TRANSIT FACTORS

☉ Sun △ Trine ♁ Chiron ★

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

♁ NNode ♂ Conjunction ♀ natal Venus

These days you are **drawn toward people and situations that feel more authentic to you**, and you find it easier to say no to relationships or commitments that don't fit. Your social choices become clearer because you care less about keeping peace and more about genuine connection. Over the coming weeks, pay attention to which people and activities you naturally gravitate toward—they are showing you what actually matters to you right now.

♀ Venus □ Square ♃ natal Mercury

Right now you're caught between what you want to say and what feels socially comfortable, so conversations come out muddled or you second-guess yourself constantly. Your **words don't match your real feelings**, which creates awkward moments where people don't understand your actual position. Over the coming weeks, you'll need to slow down and think before speaking, because the gap between your thoughts and your charm is wider than usual.

♂ Mars ♂ Opposition ☾ natal Moon

Right now you're more **irritable and quick to react** than usual, especially when someone upsets your plans or questions your feelings. Your emotional responses feel stronger and harder to control, which can create unnecessary conflict with people close to you. These days you need to notice this pattern and step back before you speak, because your impulse to push back or argue is working against you.

♀ Venus ⚡ Quincunx ♄ natal Saturn

Right now you feel pulled between wanting closeness with someone and needing to keep your distance, which makes you act uncertain in social situations. You might say yes to plans and then back out, or hold back from expressing what you actually want because you are unsure how it will land. These mixed feelings are temporary, but while this lasts they can make your relationships feel awkward or leave you feeling dissatisfied with how you are connecting.

♃ **Jupiter** △ **Trine** ♀ **natal Moon**

Right now you find it easier to feel **emotionally settled and optimistic** about your life, even when things aren't perfect. People around you respond to this shift, and you attract more genuine support and kindness without having to ask for it. Over the coming weeks, you're likely to make decisions about your home, family, or personal comfort that actually work out well because you're listening to what you truly need instead of what you think you should want.

☉ **Sun** □ **Square** ♂ **Mars**

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ **Sun** ∟ **Semi sextile** ♃ **Jupiter**

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.
