## KEY TRANSIT FACTORS

### ☾ Moon ☐ Square ♂ natal Mars ★

These days you are **more irritable than usual and quicker to snap at people** over small things. Your emotional state is raw right now, and your usual patience for waiting or compromising has worn thin. Over the coming weeks, you may find yourself picking fights or pushing people away when what you actually need is to slow down and let this restless mood pass.

### ☉ Sun ♂ Conjunction ♀ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

### ☉ Sun ∟ Semi sextile ♁ natal Uranus

These days you feel **more willing to try new approaches** without forcing big changes or making yourself uncomfortable. You notice small opportunities to do ordinary things differently, and they actually work out. This is a good time to test small experiments in your work or routines because your usual caution is relaxed just enough to let you be flexible.

### ♂ Mars ☐ Square ♇ natal Pluto

Right now you're running into situations where you want to control outcomes, but other people or circumstances push back hard. You might feel **frustrated and impatient** because your usual tactics aren't working, and the pressure makes you want to force things even more. Over the coming weeks, watch for moments where you're being stubborn or aggressive—stepping back will actually get you better results than doubling down.

### ♂ Mars ♁ Quincunx ♆ natal Neptune

Over the coming weeks, you'll notice your practical plans running up against situations where the details don't quite fit your expectations. You're more likely to act on incomplete information right now, which means you'll need to stop partway through and adjust course. The mismatch between what you want to do and what's actually possible will frustrate you until you accept that some guesswork is part of the process.

### ☉ Sun ♁ Quincunx ☾ natal Moon

These days you feel slightly out of step between what you want to do and what you actually need emotionally. Your **restlessness shows up as difficulty settling into routines** that normally comfort you, like your usual sleep schedule or time with close people. Over the coming weeks, small adjustments to how you organize your day will help you feel more aligned with yourself.

### ☉ Sun ∟ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.
