KEY TRANSIT FACTORS

♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☉ Sun ☌ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♁ Chiron ∟ Semi sextile ♃ natal Uranus

These days you're finding it easier to **spot practical ways to fix things that have frustrated you for a while**. Your usual habits and routines suddenly feel less locked in, and you notice small adjustments can make a real difference in how you move through your day. Over the coming weeks, this period supports you in trying new approaches without the usual anxiety about whether you're doing it right.

♁ NNode ☌ Opposition ♀ natal Venus

Over the coming weeks you are likely to feel **disconnected from what you usually enjoy** and from the people who matter to you. Activities that normally please you may feel empty, and you might pull away from social situations or intimate moments without fully understanding why. This friction between what you want to give in relationships and what you actually want for yourself will push you to figure out what you really value, though the process feels uncomfortable right now.

♄ Saturn qx Quincunx ♀ natal Venus

Over the coming weeks, you may feel **awkward or hesitant in relationships** even though you want to be close to someone. Small gestures of affection or attempts to connect might feel clumsy or poorly timed, leaving you wondering if you are doing things right. This is temporary friction between what you want emotionally and what feels practical or safe right now.

♁ Chiron qx Quincunx ☾ natal Moon

Over the coming weeks, you may notice that **small emotional upsets feel oddly difficult to shake**, even when you know they are not serious. Your usual ways of calming yourself down do not work as smoothly, and you might find yourself replaying conversations or moments longer than typical. This temporary mismatch between how you want to feel and what is actually happening emotionally can push you to try different approaches to managing your moods.

♃ Jupiter Rx • ♎ Libra

The growth of partnerships and social connections pauses for internal review during this period. Beliefs about fairness, collaboration, and what constitutes a good agreement are being quietly re-examined. Clarifying what you genuinely want from close relationships matters more right now than what seems reasonable on the surface.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun △ Trine ♃ Neptune

These days you feel **more comfortable being yourself around others** without needing to explain or defend who you are. People respond better to you right now because you're relaxed enough to listen to what they actually need instead of pushing your own agenda. This period favors creative work, gentle conversations, and situations where you can help someone without it costing you anything.

LUNAR DAY

Moon in ♊ Gemini · Day 1 / 30 · New Moon

Social activity picks up for the next day or two, with conversations starting easily but rarely staying on one topic. A general restlessness makes it harder to finish tasks or sit with one idea long enough to go deep.
