KEY DATE

♇ Pluto stations Retrograde

When *Pluto* stations retrograde, expect **delays or reversals** in situations involving power, money, or control — contracts may stall, workplace dynamics shift, or financial decisions get reconsidered. *Pluto* retrograde typically brings **hidden information to light**, so old problems resurface and you notice patterns you missed before, especially around who has influence over what. Over the next months, **internal work matters more than external action** — pushing hard on big changes usually backfires, but reviewing past choices and adjusting your approach actually works.

KEY TRANSIT FACTORS

♆ Neptune qx Quincunx ☾ natal Moon ★

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

♆ Neptune ∟ Semi sextile ☽ natal Uranus ★

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

♇ Pluto □ Square ☽ natal Uranus

Right now you feel a strong urge to break free from something in your life, but the harder you push for change the more resistance you meet. You become **impatient with rules and frustrated by limits**, which can make you act rashly or damage relationships you actually want to keep. Over the coming weeks, focus on understanding what you really want to change before you make moves you cannot easily take back.

♁ Chiron ♂ Conjunction ☽ natal Uranus

While this lasts, you become more aware of the ways you resist change or cling to independence in your relationships and work. You notice situations where you demand freedom but also expect others to stay loyal, or where you want things your own way but feel hurt when people don't follow. This period often brings **clarity about patterns** that have confused or frustrated you — and you can actually do something about them if you pay attention.

♅ Pluto ☐ Square ♃ natal Moon

You feel unusually disconnected from people you're close to, as if you cannot quite let them comfort you the way you normally would. Your **emotional walls go up automatically**, and you may withdraw or push away support even when you need it. Over the coming weeks, this psychological distance can strain your relationships unless you notice what is happening and make an effort to stay connected despite the discomfort.

☉ Sun ☐ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

☉ Sun ☐ Square ♄ Saturn

Right now you're running into real obstacles when you try to move forward with what you want. **You feel blocked by rules, other people's expectations, or your own self-doubt**, and pushing harder usually just makes things worse. The practical thing to do is slow down, check what's actually realistic, and accept that some goals need more time or a different approach.

☉ Sun ☒ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.
