## KEY TRANSIT FACTORS

### ♆ Neptune ☿ Quincunx ☾ natal Moon ★

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

### ♆ Neptune ∠ Semi sextile ♅ natal Uranus ★

Your **imagination becomes practical** during this period, and ideas that normally stay stuck in your head suddenly feel doable. You find yourself sketching out plans for changes you want to make, whether that's rearranging your space or trying something new at work. This is a good window to turn those creative thoughts into actual steps forward, because right now your daydreams have real traction.

### ♇ Pluto \* Sextile ♇ natal Pluto

You find it easier right now to **let go of situations that no longer serve you** without drama or regret. *Pluto* transiting in *sextile* to your natal *Pluto* gives you psychological permission to close chapters cleanly and move forward. Over the coming weeks you may notice you're making practical decisions about what stays and what goes with unusual clarity and calm.

### ♇ Pluto △ Trine ♆ natal Neptune

Right now you find it easier to **see through confusion and detect what is actually true in complicated situations**. Your instinct about people and motives sharpens, and you can sense patterns others miss without needing proof. Over the coming weeks this clarity helps you make decisions with more confidence, even when the full picture is not yet visible.

### ☉ Sun ☍ Opposition ☉ natal Sun

Right now you're running into **resistance from other people** when you try to assert yourself or push forward with your own plans. Others seem to want the opposite of what you want, and you feel like you're constantly having to defend your position or compromise. This period is showing you where your needs clash with those around you, and it's exhausting to navigate that friction every day.

### ☉ Sun □ Square ♂ Mars

Right now you feel **irritable and impatient** with anyone who moves slower than you want them to. Your frustration comes out quickly, and you might say things sharply or push for action before people are ready. This friction between what you want to do immediately and what actually needs to happen teaches you where your expectations don't match reality.

### ☉ Sun □ Square ♊ NNode

These days you feel pulled between who you are right now and who you think you should become, and this gap creates real frustration. You might **resist feedback or advice** because accepting it feels like admitting you are not enough as you are. The practical result is that growth happens anyway, but it costs you energy and confidence in the short term.

## › Moon ☐ Square ♿ Mercury

Right now your **feelings and thoughts are working against each other**, making it hard to say what you actually mean. You might feel irritated or misunderstood because your emotions are moving faster than your ability to explain them. These days conversations tend to go sideways even when you're trying to be clear, because *Moon* and *Mercury* are pulling in opposite directions.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence

### LUNAR DAY

---

Moon in ♍ Virgo · Day 6 / 30 · Waxing Crescent

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
