KEY TRANSIT FACTORS

♆ Neptune ☿ Quincunx ☾ natal Moon ★

Your emotional needs feel out of step with what's actually happening around you these days, and this mismatch can leave you **restless and slightly dissatisfied** no matter what you're doing. You might find yourself wanting comfort or reassurance that doesn't quite arrive, or feeling emotionally tired without a clear reason why. Over the coming weeks, the practical solution is to check in with yourself about what you actually need right now, rather than waiting for circumstances to shift on their own.

☉ Sun ♂ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♂ Mars ♂ Conjunction ☉ natal Sun

Right now you have more **physical drive and directness** than usual, and you're quicker to act on what you want. You may push harder on projects or speak up more bluntly in conversations because your patience for delays has dropped. Watch whether this gets you closer to your goals or whether it creates friction with people around you.

☿ Mercury ♂ Conjunction ♅ natal Uranus

Your mind is working faster than usual right now, and you're noticing patterns and connections that normally escape you. You might **jump between topics in conversation** or feel restless with routine explanations, wanting to dig into unusual angles instead. These days your thinking is sharp but scattered, so expect your focus to drift unless you deliberately channel this mental energy into something that genuinely interests you.

☿ Mercury ♀ Opposition ☾ natal Moon

Right now your mind and your gut feelings are working against each other, making everyday decisions feel harder than usual. You might find yourself **overthinking conversations** or replaying what people said to you, even though the words meant something different when you heard them. Over the coming weeks, this misalignment between what you think and what you feel can lead to awkward moments with people close to you, so it helps to double-check your understanding before reacting.

♂ Mars ♂ Conjunction ☿ natal Mercury

Over the coming weeks, your mind works faster than usual and you're more likely to say what you think without filtering it first. You'll notice yourself jumping into conversations, arguing your point more forcefully, or getting impatient with slow explanations. This sharpness can help you cut through confusion or tackle problems directly, but it can also create friction if you're not aware of how blunt you're sounding.

☉ Sun * Sextile ☾ Moon

These days you find it easier to know what you actually want and then act on it without second-guessing yourself. Your **practical needs and your emotional needs are pointing in the same direction**, so decisions feel less confusing. This alignment between the *Sun* and *Moon* means you can move forward with both confidence and peace of mind.

☉ Sun ♂ Conjunction ♀ Venus

These days you find it easier to ask for what you want and to say yes to invitations without overthinking. People around you respond well because you come across as **genuinely interested in them** rather than worried about how you look. This is a good window for making a request, starting a conversation you have been putting off, or simply enjoying company without the usual self-doubt getting in the way.

LUNAR DAY

Moon in ♍ Virgo · Day 25 / 30 · Last Quarter

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.

CLOTHING & JEWELRY

Sunday · ☉ Sun · Venus in Sagittarius

Sunday is the Sun's day — gold, warm orange, or amber tones radiate confidence and vitality. Sunstone or citrine worn visibly invites creativity and positive attention.
