KEY TRANSIT FACTORS

☉ Sun ☿ Conjunction ♂ natal Mars

You're running on more fuel than usual right now, and you're likely to **act on impulses faster than you normally would**. Your appetite for physical activity, competition, or getting things done goes up noticeably during these weeks. This burst of directness can help you tackle projects or stand up for yourself, though you might also notice you're more irritable if something gets in your way.

♃ Jupiter ☿ Quincunx ♆ natal Neptune

You're noticing a mismatch between what you want to believe and what the facts actually show you right now. **You're more inclined to overlook practical details** or convince yourself that things will work out without doing the legwork, and reality keeps pushing back. Over the coming weeks, your real challenge is to stay grounded instead of letting optimism override what you can actually see and verify.

☉ Sun * Sextile ♊ natal NNode

Right now you find it easier to **act in ways that feel genuine to you** without second-guessing yourself. People respond well to this straightforward version of you, and conversations that matter tend to go smoothly. Over the coming weeks, this natural confidence makes it practical to take small steps toward things you actually care about.

♃ Jupiter ☐ Square ♇ natal Pluto

Right now you're pushing harder on situations that resist you, and the harder you push the more they push back. You're likely **overestimating how much control you actually have** over people or circumstances that operate by their own rules. Over the coming weeks this friction will either force you to step back and accept limits, or exhaust you trying to prove a point that doesn't need proving.

♃ Jupiter △ Trine ♅ natal Uranus

Over the coming weeks, you'll find yourself more willing to take practical risks and try new approaches without the usual anxiety holding you back. Your mind works faster than normal, and you spot solutions others miss because you're not stuck in old habits. This is a good time to pitch ideas at work, start something you've been putting off, or reorganize your life in ways that actually feel liberating instead of chaotic.

☉ Sun ☿ Quincunx ♊ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.

› **Moon** ∟ **Semi sextile** ♄ **Saturn**

These days you find it easier to **talk about practical problems without getting swept up in feelings**. The *Moon* and *Saturn* aspect makes emotional conversations feel steadier, so you can say what needs saying without drama. This is a good time to have difficult talks about real things because your head and your heart are working together instead of against each other.

♿ **Mercury** * **Sextile** ♀ **Venus**

These days you find it easier to say what you actually mean without hurting people's feelings. **Your words come across as thoughtful and warm** instead of blunt, which makes conversations go smoother and helps you connect with others. This is a good time to have the talks you have been putting off, since *Mercury* and *Venus* are working together to make you both honest and considerate.

LUNAR DAY

Moon in ♎ Libra · Day 5 / 30 · Waxing Crescent

The social atmosphere becomes more diplomatic during this transit, with more care taken to avoid unnecessary friction. Decisions slow down as multiple perspectives get weighed, and outright conflict feels harder to initiate than usual.

CLOTHING & JEWELRY
