KEY TRANSIT FACTORS

☉ Sun △ Trine ♁ Chiron ★

Right now you find it easier to **talk about what actually happened to you** without getting defensive or ashamed. Your practical ability to understand your own patterns improves, and you can explain your mistakes to others without needing to apologize repeatedly. This makes conversations feel clearer and less emotionally exhausting than usual.

♅ Uranus □ Square ♁ natal Chiron

Right now you are likely feeling **restless about old wounds** that you thought you had worked through. Your usual coping methods for psychological pain are not working the way they normally do, which can feel frustrating and unsettling. Over the coming weeks, you may need to experiment with entirely new approaches to your emotional recovery instead of relying on what has always felt safe.

♅ Uranus ∟ Semi sextile ♃ natal Jupiter

These days you're picking up on new possibilities that others around you haven't noticed yet, and your **natural optimism makes you willing to try them**. A small opportunity in work or learning might appear suddenly, and you'll have the confidence to act on it without overthinking the risks. Over the coming weeks, this forward momentum helps you feel less stuck in old routines and more curious about what comes next.

♁ Chiron ∟ Semi sextile ♃ natal Mercury

These days you find it easier to **explain things that usually confuse people**, because you naturally spot where someone's understanding breaks down. Your words feel clearer and more helpful, and conversations that might have turned into arguments instead become real problem solving. While this lasts, you're picking up on what others actually need to hear rather than just saying what comes to mind first.

♁ Chiron qx Quincunx ♄ natal Saturn

Right now you are noticing where your usual approach to responsibility feels awkward or out of step with what is actually happening around you. You might find yourself second-guessing practical decisions you would normally make without hesitation, or feeling **slightly defensive when someone suggests a different way to handle something**. Over the coming weeks, this discomfort is temporary—it is pointing you toward small adjustments in how you manage your commitments rather than a sign that your basic approach is wrong.

☾ Moon ☌ Opposition ♂ natal Mars

Your **impatience with others** peaks right now, and you're more likely to snap at people over small things. You feel restless and irritable, especially in situations where you normally stay calm, because your emotional needs clash with your natural drive to act fast. These days the friction between wanting to slow down and wanting to push forward makes everyday interactions harder.

☉ Sun * Sextile ♅ Uranus

These days you feel more willing to try something different without the usual fear holding you back. You might suggest a new idea at work, change your routine, or say no to something that no longer fits. This **relaxed openness to change** makes it easier to break old patterns while still feeling grounded enough to actually follow through.

☾ Moon △ Trine ♀ Venus

These days you find it easier to tell people what you actually feel without worrying they will reject you. Your emotional needs and your desire for connection are **naturally aligned**, so you speak up when something matters instead of staying quiet. This is a good window to have conversations you have been putting off or to spend time with people who make you feel genuinely accepted.

LUNAR DAY

Moon in ♒ Aquarius · Day 11 / 30 · First Quarter

Emotional detachment increases these days, making abstract discussions and group concerns feel more engaging than personal ones. People respond better to logic than to feeling right now, and the need for independence runs noticeably higher.
