KEY DATE

☿ Mercury enters ♊ Gemini

Mercury entering *Gemini* sharpens your ability to **pick up details** and **connect ideas quickly**, so conversations at work or home tend to move faster and cover more ground. People often notice they're **more curious** about how things work and less patient with slow explanations, which can make learning something new feel easier but also make waiting for others frustrating. At work and in daily tasks, **short-form communication** — texts, quick calls, bullet points — becomes more natural than long emails, and your mind jumps between topics more readily.

KEY TRANSIT FACTORS

☿ Mercury ☾ Semi sextile ♁ natal Chiron

These days you find it easier to talk about things that usually feel difficult or tender. Your words seem to land better when you explain your past hurts or current worries to people who matter. This period supports **clearer communication about pain**, making it simpler to get help or understanding from others without feeling like you're burdening them.

☿ Mercury ☾ Semi sextile ♃ natal Jupiter

While this lasts, you find it easier to **see the bigger picture in conversations** and explain your ideas in ways that actually land with people. Your thoughts naturally connect to larger themes, so even casual discussions feel more meaningful and productive. Over the coming weeks, this mental clarity makes it simpler to learn new things and share what you know without overthinking it.

♆ Neptune * Sextile ☿ natal Mercury

Your mind feels more **flexible and imaginative** right now, making it easier to see connections between ideas that normally seem separate. You might find yourself writing more fluently, explaining things in ways people actually understand, or picking up creative projects without the usual self-criticism. This is a good window to explore new subjects, work on communication that requires empathy, or simply let your thinking become a bit more intuitive than usual.

☉ Sun ☽ Opposition ♀ natal Venus

Right now you are more critical of the people close to you and harder to please in your relationships. You might push away someone who genuinely cares about you because you're noticing all their flaws instead of their good qualities. This **temporary harshness** in how you judge others can create distance that takes real effort to repair once this period passes.

♆ Neptune * Sextile ♄ natal Saturn

Right now you find it easier to **organize vague ideas into actual plans** without getting lost in details. Your practical side is working well with your imagination, so you can sketch out a direction and know roughly how to get there. Over the coming weeks, this steadiness means you can trust your instincts about which dreams are worth the effort.

♄ Saturn Rx · ♊ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun ☾ Semi sextile ♂ Mars

These days you feel **motivated to take small steps forward** without forcing things or burning out. Your practical energy matches what you actually want to do right now, so starting a project or having a difficult conversation feels less exhausting than usual. This is a good window to build momentum on something you care about while the effort still feels natural.

☉ Sun ☐ Square ♃ Jupiter

Right now you're likely **overestimating what you can handle** and taking on more than makes practical sense. *Sun* square *Jupiter* pushes you to act bigger and bolder than your actual circumstances support, which sets you up for overcommitment and disappointment. The friction here teaches you where your real limits are, but only after you've already stretched too far.

☉ Sun ☿ Quincunx ♁ NNode

At the moment you are noticing a mismatch between what you want to do and what feels like the right direction to move in. You might find yourself **hesitating before making choices** because two parts of you are pulling slightly different ways. This isn't crisis or conflict—just an uncomfortable adjustment where you have to consciously decide which impulse to follow rather than acting on automatic.
