KEY DATE

♆ Neptune stations Direct

Neptune stationing direct means **confusion clears up** in areas where you've been stuck or uncertain — contracts, creative projects, or health decisions start moving again instead of feeling frozen. People often notice they can **see reality more clearly** now, especially about situations they've been avoiding or romanticizing, so you might finally act on something you've been postponing. *Neptune* direct also **restarts forward momentum** in your intuition and imagination, making it easier to finish creative work or set clearer boundaries in relationships rather than staying tangled in vague patterns.

KEY TRANSIT FACTORS

♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

♂ Mars * Sextile ♏ natal NNode ★

You're finding it easier to take action on things that actually matter to you right now. **You speak up more directly** in conversations and situations where you've normally held back, and people respond well instead of shutting you down. Over the coming weeks, small risks you take—like saying no, trying something new, or standing up for what you want—tend to work out, giving you real momentum toward goals that feel genuinely yours.

♆ Neptune * Sextile ☿ natal Mercury

Your mind feels more **flexible and imaginative** right now, making it easier to see connections between ideas that normally seem separate. You might find yourself writing more fluently, explaining things in ways people actually understand, or picking up creative projects without the usual self-criticism. This is a good window to explore new subjects, work on communication that requires empathy, or simply let your thinking become a bit more intuitive than usual.

☿ Mercury ☐ Quincunx ☉ natal Sun

Over the coming weeks, you'll notice your usual way of explaining yourself doesn't quite land the way it normally does. You may find yourself **rewording things multiple times** or feeling like people are missing your point even when you think you're being clear. This awkward fit between what you're trying to say and how others receive it will likely frustrate you until the transit passes.

♏ NNode ∟ Semi sextile ♇ natal Pluto

Over the coming weeks, you find it easier to **speak up about what you actually want** instead of staying quiet to keep the peace. Small conversations that would normally feel risky now feel manageable, and people respond better than you expected. This is a good time to set a boundary you have been putting off or to tell someone what you really think.

♄ Saturn Rx · ♊ Sagittarius

Beliefs that have been functioning as unexamined rules are being tested for their actual utility right now. Long-term plans based on optimistic assumptions may need grounding in more realistic evaluation. Honest review of what you have committed to — in education, philosophy, or travel — is more productive than continuing forward without looking back.

☉ Sun ☊ Quincunx ♄ Chiron

Right now you notice small practical problems in areas where you thought you had things figured out. Your confidence runs into situations that don't quite fit your usual approach, and you have to **adjust your methods rather than push through**. This mismatch between what you expected and what's actually happening is the main feature of these days, and it often leads to useful corrections if you pay attention.

☉ Sun ▲ Trine ♀ NNODE

Right now you find it easier to **do what actually suits you** instead of what you think you should do. People around you notice you seem more confident in small choices, like speaking up in meetings or trying something new without overthinking it. This period supports you in building habits and friendships that feel genuinely right for your life.

☾ Moon ☊ Opposition ♃ Mercury

Right now your feelings and your thoughts are pulling in different directions, which makes it hard to say what you actually mean. You might feel upset about something but explain it in a way that sounds cold or defensive, so people don't understand what's really bothering you. This mismatch between what you feel and what you say creates **confusion in conversations**, and you'll likely need to circle back later to clear things up.
