KEY TRANSIT FACTORS

☾ Moon ☐ Square ☉ natal Sun

Right now you're feeling **irritable with the people closest to you**, even when they haven't done anything wrong. Your mood swings are making it hard to stick to your normal routines, and small frustrations at work or home feel much bigger than they actually are. These next few days or weeks will test your patience, but once this passes you'll see more clearly what actually bothers you and what doesn't.

♂ Mars ∟ Semi sextile ♁ natal Chiron

These days you're finding it easier to take action on things that usually make you hesitant or self-conscious. Your **willingness to try despite old doubts** is genuine right now, and small steps forward feel less risky than they normally do. Over the coming weeks, you may notice you're actually doing the practical work instead of just thinking about it.

♂ Mars ∟ Semi sextile ♃ natal Jupiter

You're finding it easier to take small steps toward things you actually want right now, without overthinking or stalling yourself. **Your natural confidence is subtle but real** — you're more willing to try something new or speak up in a meeting without needing everything to be perfect first. Over the coming weeks, this steady momentum can help you build on projects or goals that felt stuck before.

♅ Uranus ☐ Square ♅ natal Uranus

Over the coming weeks, you'll feel unusually **restless and impatient with your current life setup**, even if things were working fine before. You'll question decisions you made years ago and feel a strong urge to change something, anything, but you won't have a clear idea of what actually needs to change. This frustration can push you toward reckless choices or sudden disruptions if you act without thinking, so the real challenge right now is to sit with the discomfort instead of breaking things just to feel different.

☾ Moon ☐ Square ☿ natal Mercury

Right now your emotions are making it harder to think clearly or communicate what you actually mean. You say things you didn't plan to say, or you misread what others are trying to tell you because you're **reacting from feeling rather than listening**. These next few days or weeks will test your patience with conversations and small decisions until this mood passes.

☉ Sun ☿ Opposition ☾ Moon

Right now you feel pulled in two directions at once, and it's hard to know what you actually want. You might notice yourself **acting one way in public and feeling something completely different inside**, which creates an awkward tension you can't ignore. This split between what you're showing others and what you're experiencing privately tends to make decisions feel impossible until the aspect passes.

☉ Sun Δ Trine ♂ Mars

Right now you feel **capable and ready to act** on things you've been thinking about. You have the psychological boost to start projects or push through obstacles without burning out or getting frustrated. This period makes practical effort feel natural instead of forced.

☉ Sun ∟ Semi sextile ♃ Jupiter

These days you feel a bit more **optimistic about your abilities** and willing to take on new projects. Small wins come easier right now because you're not overthinking things or waiting for perfect conditions. This is a good time to start something you've been putting off, since your confidence has a gentle boost and you're likely to see early progress.

LUNAR DAY

Moon in ♋ Pisces · Day 15 / 30 · Waxing Gibbous

The boundary between personal and environmental moods blurs during this transit, making it easy to absorb the emotional state of whoever is nearby. Imagination and sensitivity both run higher, while clarity of thought and decision-making run lower for the next 48 hours.

CLOTHING & JEWELRY
