KEY TRANSIT FACTORS

♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☉ Sun ☌ Conjunction ☿ Mercury ★

These days your mind feels clearer and you're more likely to speak up about what you actually think. **You say things more directly** and people tend to listen because you sound confident. This is a practical time to have conversations you've been putting off or to explain yourself without second-guessing every word.

♃ Jupiter △ Trine ♁ natal Chiron

Over the coming weeks, you find it easier to talk about past hurts without getting stuck in them, and people respond well to your honesty. You're naturally **more generous with yourself** when you make mistakes, which means you actually learn from them instead of dwelling. This is a good window to help others through their own difficulties because you genuinely understand what they're going through.

♃ Jupiter ☌ Opposition ♃ natal Jupiter

You're running into a wall with your own optimism right now, and it's forcing you to face where you've been overcommitting or overestimating what you can handle. Your usual confidence in your ability to expand into new projects or relationships feels **blocked by practical reality**, which makes you restless and frustrated. Over the coming weeks, you'll need to scale back your ambitions and deal with the consequences of promises you made when your expectations were higher.

☉ Sun ☐ Square ♀ natal Venus

Right now your **need for attention is clashing with how you actually connect with others**, and people are picking up on the mismatch. You might push harder to get validation or approval, but that just makes relationships feel more strained and transactional. Over the coming weeks, you will benefit from stepping back and listening instead of performing, because what you want right now is not what the people around you are ready to give.

♄ Saturn ☐ Square ♇ natal Pluto

You're likely to feel **boxed in by rules or limits that feel suffocating**, especially where you normally have control. *Saturn* is forcing you to face situations where your usual tactics don't work anymore, and that frustration can build into real anger. These days you'll benefit from finding practical outlets for that pressure instead of letting it mount, because bottling it up will only make you feel more trapped.

☿ Mercury Rx · ♋ Pisces

Thinking becomes impressionistic rather than precise during this period, making concrete decisions harder than usual. Miscommunications arise from vagueness — what you think you said and what others heard often differ. Creative and intuitive work benefits from this diffuse quality; contracts and deadlines do not.

☉ Sun ☾ Semi sextile ♀ Venus

Right now you find it easier to notice what you like about people around you, and that makes your social interactions feel smoother. You're more likely to **compliment someone without overthinking it** or suggest doing something enjoyable together. This isn't a dramatic shift, but these days small acts of kindness and warmth come more naturally to you.

☉ Sun ☿ Quincunx ♁ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

LUNAR DAY

Moon in ♍ Virgo · Day 14 / 30 · Waxing Gibbous

Attention sharpens on what is not working right now — small errors and inefficiencies become harder to ignore than usual. **The tendency to organize, correct, and refine** runs stronger for the next day or two, sometimes at the cost of the bigger picture.
