KEY TRANSIT FACTORS

♂ Mars ☐ Square ☾ natal Moon ★

Right now you are **more irritable than usual**, especially when someone questions your feelings or tells you to calm down. Your emotional reactions feel faster and stronger, and you may say things in anger that you later regret. Over the coming weeks, watch for moments when you're snapping at people close to you over small things that normally wouldn't bother you.

☿ Mercury ☐ Quincunx ♂ natal Mars

Over the coming weeks, you'll notice your words and actions don't quite line up the way you expect. You might say something that comes across too blunt, or realize mid-sentence that what you meant to express sounds completely different out loud. This **mismatch between intention and delivery** creates small friction in conversations, especially when you're trying to get something done or persuade someone to your side.

☿ Mercury ☐ Square ♋ natal NNode

Right now you are **second-guessing decisions** that normally feel clear to you, and this confusion is making it hard to move forward. Your mind is pulling you toward safe, familiar ways of thinking instead of the newer directions you have been trying to explore. Over the coming weeks, you will need to push past this mental resistance or risk sliding back into old patterns that no longer serve you.

♀ Venus ☐ Quincunx ♋ natal NNode

Right now you are noticing small misalignments between what you want socially and what actually fits your growth. You might find yourself attracting people or situations that feel pleasant on the surface but slightly off-track from where you are heading. Over the coming weeks, you will do better by checking in with yourself about whether new connections or social choices actually move you forward or simply feel comfortable in the moment.

♀ Venus ☐ Quincunx ♂ natal Mars

Over the coming weeks, you may notice that what normally appeals to you doesn't quite fit your current drive, leaving you feeling **slightly out of sync with your own desires**. Your attractions and what you actually want to do pull in different directions, making it hard to settle on what matters most. This awkward gap typically passes as the transit moves on, but while it lasts you might need to slow down and check in with yourself about what you actually value right now.

☉ Sun ☐ Quincunx ☾ Moon

At the moment, your **emotional needs and practical goals are pulling in different directions**, and this creates a low-level discomfort that's hard to name. You might feel restless or slightly out of sync—your body wants one thing while your mind is focused on something else entirely. This isn't a crisis, but it does mean you'll need to make small adjustments throughout the day to feel more settled.

☉ Sun ♂ Conjunction ♂ Mars

Right now you feel **more direct and willing to take action** on things you normally hesitate about. You're likely to speak up in conversations, push forward with a project, or make a decision you've been putting off. This practical confidence usually fades once the transit passes, so use it to handle what actually needs doing.

☉ Sun ☿ Quincunx ♅ Uranus

At the moment you feel pulled in two directions without clear reason, and small changes in routine throw you off balance more than usual. Your usual way of doing things no longer feels quite right, but you don't yet see what would work better, which creates **restless dissatisfaction**. These days minor adjustments in your practical life take more energy and patience than they should.

★ = natal resonance — this transit echoes your birth chart, amplifying its influence
