KEY TRANSIT FACTORS

♁ NNode ☌ Opposition ♅ natal Uranus

Right now you are caught between wanting to rebel against your routine and feeling pressure to stick with what works, which creates real friction in your decisions. **You swing between sudden urges to change direction and anxiety about losing stability**, making it hard to commit to anything. Over the coming weeks, people around you may find you unpredictable or erratic, because you genuinely do not know which version of yourself will show up.

♁ Chiron ☐ Square ♀ natal Venus

You may feel rejected or inadequate in your relationships right now, picking up on small slights and interpreting them as proof that you're not lovable. Your usual warmth and charm feel blocked, making it harder to ask for what you want or to enjoy physical affection without second-guessing yourself. Over the coming weeks, this discomfort pushes you to stop abandoning your own needs in order to keep people happy.

♂ Mars ☐ Square ☉ natal Sun

Right now you're running into **friction between what you want to do and what you actually have the energy for**. People around you might feel your impatience or see you push too hard on small disagreements that normally wouldn't bother you. This restless mood will fade in a few weeks, but for now you need to notice when you're forcing things instead of letting them happen naturally.

♁ NNode ☌ Conjunction ☾ natal Moon

These days you are drawn to people and situations that feel more emotionally familiar or aligned with who you want to become. You may find yourself **seeking out relationships or groups** that reflect your values more closely, or noticing which connections actually support you. This pull toward authenticity in your social life is likely to last several weeks as the *North Node* activates your *Moon*.

♂ Mars ☐ Square ☿ natal Mercury

Right now you're more **quick to argue and interrupt** without thinking through what you're about to say. Your impatience makes it harder to listen, so conversations turn combative when they don't need to be. Over the coming weeks, you'll notice this pattern most at work or with people who challenge your ideas, and stopping to take a breath before you speak will save you real conflicts.

♃ Jupiter Rx · ♌ Leo

Creative confidence and the desire to be seen or celebrated retreat inward during this period. Projects that were expanding boldly may need a quieter phase of consolidation and honest self-review. Evaluating what you are genuinely proud of versus what requires more work is the most honest use of this time.

› Moon * Sextile ♂ Mars

Right now you feel like **taking action on things that matter to you emotionally**, and your body has the energy to back it up. You're not overthinking or second-guessing yourself as much as usual; instead you're moving forward with projects or conversations that felt stuck before. This is a practical window for getting things done without burning yourself out.

› Moon ♂ Conjunction ♃ Jupiter

Right now you feel more **generous and open to other people** than usual, which makes it easier to connect socially or ask for what you need. Your emotional confidence is higher, so you're more likely to take a chance on something that normally makes you nervous. This mood won't last forever, so use it to have conversations you've been putting off or to try something that requires a bit of courage.

♿ Mercury ♂ Conjunction ♆ Neptune

These days your mind feels less sharp than usual, and you might misunderstand what someone is actually saying to you. **Vague communication** becomes the norm right now, so writing things down or asking for clarification helps more than usual. *Mercury* conjunct *Neptune* makes it harder to separate what you're imagining from what's real, so double-check practical details before you act on them.

LUNAR DAY

Moon in ♌ Leo · Day 20 / 30 · Waning Gibbous

The social atmosphere becomes more expressive these days, with people more willing to share opinions and put themselves forward. The need to feel appreciated surfaces in small ways — a slower response to criticism, a stronger preference for being noticed.
